## Methods Of The Ogpu:

**~Thee methods of the OGPU** Vladimir C. Brunovskij,1931     [Stalin's Quest for Gold](#) Elena Osokina,2021-09-15 Stalin  
s Quest for Gold tells the story of Torgsin a chain of retail shops established in 1930 with the aim of raising the hard currency needed to finance the USSR s ambitious industrialization program At a time of desperate scarcity Torgsin had access to the country s best foodstuffs and goods Initially only foreigners were allowed to shop in Torgsin but the acute demand for hard currency revenues forced Stalin to open Torgsin to Soviet citizens who could exchange tsarist gold coins and objects made of precious metals and gemstones as well as foreign monies for foods and goods in its shops Through her analysis of the large scale state run entrepreneurship represented by Torgsin Elena Osokina highlights the complexity and contradictions of Stalinism Driven by the state s hunger for gold and the people s starvation Torgsin rejected Marxist postulates of the socialist political economy the notorious class approach and the state hard currency monopoly In its pursuit for gold Torgsin advertised in the capitalist West encouraging foreigners to purchase goods for their relatives in the USSR and its seaport shops and restaurants operated semilegally as brothels inducing foreign sailors to spend hard currency for Soviet industrialization Examining Torgsin from multiple perspectives economic expediency state and police surveillance consumerism even interior design and personnel Stalin s Quest for Gold radically transforms the stereotypical view of the Soviet economy and enriches our understanding of everyday life in Stalin s Russia     *Policing Stalin's Socialism* David R. Shearer,2014-05-14 Policing Stalin s Socialism is one of the first books to emphasize the importance of social order repression by Stalin s Soviet regime in contrast to the traditional emphasis of historians on political repression Based on extensive examination of new archival materials David Shearer finds that most repression during the Stalinist dictatorship of the 1930s was against marginal social groups such as petty criminals deviant youth sectarians and the unemployed and unproductive It was because Soviet leaders regarded social disorder as more of a danger to the state than political opposition that they instituted a new form of class war to defend themselves against this perceived threat Despite the combined work of the political and civil police the efforts to cleanse society failed this failure set the stage for the massive purges that decimated the country in the late 1930s     [Soviet State Security Services 1917-46](#) Douglas A. Drabik,Douglas H. Israel,2022-02-17 Featuring specially commissioned artwork this study breaks new ground in covering all the uniformed Soviet security organizations from the Russian Revolution through to World War II     **The Slavonic and East European Review** ,1930     **National Union Gleanings** ,1925     [Progress & the Scientific Worker, Scientific, Social, Educational, Industrial](#) ,1929     [The Library Tower](#) ,1930     [Soviet Communism](#) Sidney Webb,Beatrice Webb,1937     [Current Literature](#) ,1930     **The Methods of the OGPU** Vladimir Khristianovich Brunovskii,1931     **Subject Guide to Books** ,1930

Brunovsky,1931      **Psychiatry and Public Affairs** Leo H. Bartemeier,2011-08-01 Reprint of Psychiatry and public affairs Chicago Aldine c1966      **The Graphic** ,1931      **Soviet Rule in Russia** Walter Russell Batsell,Bureau of International Research of Harvard University and Radcliffe College,1929      **Stalin's Police** Paul Hagenloh,2009-05-15 Stalin's Police offers a new interpretation of the mass repressions associated with the Stalinist terror of the late 1930s This pioneering study traces the development of professional policing from its pre revolutionary origins through the late 1930s and early 1940s Paul Hagenloh argues that the policing methods employed in the late 1930s were the culmination of a set of ideologically driven policies dating back to the previous decade Hagenloh's vivid and monumental account is the first to show how Stalin's peculiar brand of policing in which criminals juvenile delinquents and other marginalized population groups were seen increasingly as threats to the political and social order supplied the core mechanism of the Great Terror
