Methuselah Manual

Donald Capps, Nathan Carlin

Methuselah Manual:

The Methuselah Manual David C. Gardner, Grace Joely Beatty, 1985 The authors read the popular literature on how to prevent illness and maintain vigorous health through nutrition exercise yoga and meditation They found two essential items missing the psychological aspects and a holistic approach was not considered **The Infant School Manuals** Mrs.

Howland, 1835 The Gift of Sublimation Donald Capps, Nathan Carlin, 2015-09-24 Today diversity of gender and sexuality is beginning to be recognized and celebrated even while many religious denominations still resist these cultural changes The Gift of Sublimation offers pastoral interpretations of these social shifts in the light of psychological principles and argues that there is historically not only one view of masculinity but multiple conceptions This discussion covers topics as diverse as the moral disapproval of masturbation the efforts of some churches to convince homosexual men to adopt a heterosexual orientation the dynamics of male envy of female longevity the homosexual tendencies of King James I of England and VI of Scotland and biblical portraits of God's body gender and sexuality Nathan Carlin and Donald Capps make special use of the psychoanalytic concept of sublimation the redirection of sexual desires that are considered unacceptable or unworthy towards interests and aspirations that are considered acceptable and worthy While the use of psychoanalytic hermeneutics here is likely to raise various red flags for potential religious readers especially for those who have been informed that Sigmund Freud was hostile towards religion this book presents a rather different view focussing on religious sublimation
