# Mexican American Odyssey

**Thomas H. Kreneck**

## **Mexican American Odyssey:**

*Mexican American Odyssey* Thomas H. Kreneck, 2001 Kreneck outlines a pattern of identity and assimilation that has been traced in bold broader terms by other scholars who have called Tijerina's contemporaries the Mexican American Generation

**BOOK JACKET** *Mexican American Odyssey* James Lamb, 2017-06-27 In Mexican American Odyssey Thomas H Kreneck not only traces the influential life of Houston entrepreneur and civic leader Felix Tijerina as an individual but illustrates how Tijerina reflected many trends in Mexican American development during the decades he lived years that were crucial for the Hispanic community today Kreneck outlines a pattern of identity and assimilation that has been traced in bold broader terms by other scholars who have called Tijerina's contemporaries the Mexican American Generation

*We Were Always Here* Ricardo Chavira, 2021-04-30 Ricardo Chavira was in Nicaragua on assignment for Time magazine in 1984 embedded with a group of Contra rebels when the situation turned dire A larger Sandinista patrol was in pursuit and he was reaching the end of his endurance after a fifteen hour forced march He had been with the rebels for six days and his feet were covered in blisters On top of that they were subsisting on minimal rations a few mouthfuls of red beans and a couple of tortillas each day Naively believing he could let the rebels go on without him Chavira was shaken when told the Sandinistas would probably kill him I was no longer a neutral participant but the quarry in a brutal war A Pulitzer Prize winning journalist Ricardo Chavira writes in his memoir about the challenges growing up in a marginalized community in Pacoima California where he attended a high school notorious for gang violence and inadequate teaching Against all the odds he managed to reject gang affiliation avoid serious crimes evade the Vietnam War draft and earn undergraduate and graduate degrees He became passionate about journalism because it gave him the chance to report about the lives of Latinos that mainstream American media either ignored or misrepresented Chavira was one of the few Latinos working in the most elite newsrooms in the United States covering natural disasters including the 8.0 magnitude earthquake that devastated Mexico City in 1985 and interviewing the likes of Mexican presidents Carlos Salinas de Gortari and Vicente Fox and Panamanian dictator Manuel Noriega Interspersing his journalistic adventures with his family's history as Americans Chavira examines his dual identities Mexican and American and their contribution to his success in navigating and reporting stories around the world

*Mexican American Odyssey* Thomas H. Kreneck, 2001 Kreneck outlines a pattern of identity and assimilation that has been traced in bold broader terms by other scholars who have called Tijerina's contemporaries the Mexican American Generation

**BOOK JACKET** *FBI Surveillance of Mexicans and Chicanos, 1920-1980* José Angel Gutiérrez, 2020-09-10 A multi chapter book first of its kind that identifies, describes and analyzes FBI documents revealing the hidden history of surveillance of Mexicans and Chicanos in the United States of America

*LULAC, Mexican Americans, and National Policy* Craig Allan Kaplowitz, 2005 Through the dedicated intervention of LULAC and other Mexican American activist groups the understanding of civil rights in America was vastly expanded in the late 1960s and early 1970s Mexican Americans gained

federal remedies for discrimination based not simply on racial but also on cultural and linguistic disadvantages. Generally considered one of the more conservative ethnic political organizations LULAC had traditionally espoused nonconfrontational tactics and had insisted on the identification of Mexican Americans as white. But by 1966 the changing civil rights environment new federal policies that protected minority groups and rising militancy among Mexican American youth led LULAC to seek federal protections for Mexican Americans as a distinct minority. In that year LULAC joined other Mexican American groups in staging a walkout during meetings with the Equal Employment Opportunity Commission in Albuquerque. In this book Craig A. Kaplowitz draws on primary sources at both national and local levels to understand the federal policy arena in which the identity issues and power politics of LULAC were played out. At the national level he focuses on presidential policies and politics since civil rights has been preeminently a presidential issue. He also examines the internal tensions between LULAC members' ethnic allegiances and their identity as American citizens which led to LULAC's attempt to be identified as white while paradoxically claiming policy benefits from the fact that Mexican Americans were treated as if they were non-white. This compelling study offers an important bridge between the history of social movements and the history of policy development. It also provides new insight into an important group on America's multicultural stage.

*We Were Always Here* Ricardo Chavira, 2021 A Pulitzer Prize winning journalist Ricardo Chavira writes in his memoir about the challenges growing up in a marginalized community in Pacoima California where he attended a high school notorious for gang violence and inadequate teaching. Against all the odds he managed to reject gang affiliation avoid serious crimes evade the Vietnam War draft and earn undergraduate and graduate degrees. He became passionate about journalism because it gave him the chance to report about the lives of Latinos that mainstream American media either ignored or misrepresented.

**Backcover** **Valor** Roy Dominguez, 2012 An inspiring true story Valor is a significant and original contribution to the social, ethnic and political history of Indiana. [Raza Schools](#) Jesús Jesse Esparza, 2023-09-19 In 1929 a Latino community in the borderlands city of Del Rio Texas established the first and perhaps only autonomous Mexican American school district in Texas history. How it did so against a background of institutional racism poverty and segregation is the story Jes's Jesse Esparza tells in Raza Schools a history of the rise and fall of the San Felipe Independent School District from the end of World War I through the post civil rights era. The residents of San Felipe whose roots Esparza traces back to the nineteenth century faced a Jim Crow society in which deep seated discrimination extended to education making biased curriculum inferior facilities and prejudiced teachers the norm. Raza Schools highlights how the people of San Felipe harnessed the mechanisms and structures of this discriminatory system to create their own educational institutions using the courts whenever necessary to protect their autonomy. For forty two years the Latino community funded maintained and managed its own school system until 1971 when in an attempt to address school segregation the federal government forced the San Felipe Independent School District to consolidate with a larger neighboring mostly white school district. Esparza describes

the ensuing clashes over curriculum school governance teachers positions and funding that challenged Latino autonomy While focusing on the relationships between Latinos and whites who shared a segregated city his work also explores the experience of African Americans who lived in Del Rio and attended schools in both districts as a segregated population Telling the complex story of how territorial pride race and racism politics economic pressures local control and the federal government collided in Del Rio Raza Schools recovers a lost chapter in the history of educational civil rights and in doing so offers a more nuanced understanding of race relations educational politics and school activism in the US Mexico borderlands

**Quest for Equality** Neil Foley,2010-05 Neil Foley examines the complex interplay among regional national and international politics that plagued the efforts of Mexican Americans and African Americans to find common ground in ending employment discrimination and school segregation **Dixie West** Tyina Leaneice Steptoe,2008 **The Hispanic**
