

Mexican Revolution

Alan Knight

Mexican Revolution:

The Mexican Revolution Stuart Easterling, 2013-01-11 An excellent account and analysis of the Mexican Revolution its background its course and its legacy an important contribution and a must read Samuel Farber author of Cuba Since the Revolution of 1959 The most significant event in modern Mexican history the Mexican Revolution of 1910-20 remains a subject of debate and controversy Why did it happen What makes it distinctive Was it even a revolution at all In *The Mexican Revolution* Stuart Easterling offers a concise chronicle of events from the fall of the longstanding Díaz regime to Gen Obregón's ascent to the presidency In a comprehensible style aimed at students and general readers Easterling sorts through the revolution's many internal conflicts and asks whether or not its leaders achieved their goals *The Mexican Revolution* Alan Knight, 1990 This comprehensive two volume history of the Mexican Revolution presents a new interpretation of one of the world's most important revolutions While it reflects the many facets of this complex and far reaching historical subject it emphasises its fundamentally local popular and agrarian character and locates it within a more general comparative context Publisher [The Mexican Revolution: A Very Short Introduction](#) Alan Knight, 2016-01-28 The Mexican Revolution defined the sociopolitical experience of those living in Mexico in the twentieth century Its subsequent legacy has provoked debate between those who interpret the ongoing myth of the Revolution and those who adopt the more middle of the road reality of the regime after 1940 Taking account of these divergent interpretations this *Very Short Introduction* offers a succinct narrative and analysis of the Revolution Using carefully considered sources Alan Knight addresses the causes of the upheaval before outlining the armed conflict between 1910 and 1920 explaining how a durable regime was consolidated in the 1920s and summing up the social reforms of the Revolution which culminated in the radical years of the 1930s Along the way Knight places the conflict alongside other great revolutions and compares Mexico with the Latin American countries that avoided the violent upheaval ABOUT THE SERIES The *Very Short Introductions* series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **The Mexican Revolution: Counter-revolution and reconstruction** Alan Knight, 1990-01-01 Volume 2 of *The Mexican Revolution* begins with the army counter revolution of 1913 which ended Francisco Madero's liberal experiment and installed Victoriano Huerta's military rule After the overthrow of the brutal Huerta Venustiano Carranza came to the forefront but his provisional government was opposed by Pancho Villa and Emiliano Zapata who came powerfully to life in Alan Knight's book Knight offers a fresh interpretation of the great schism of 1914-15 which divided the revolution in its moment of victory and which led to the final bout of civil war between the forces of Villa and Carranza By the end of this brilliant study of a popular uprising that deteriorated into political self seeking and vengeance nearly all the leading players have been assassinated In the closing pages Alan Knight ponders the essential question what had the

revolution changed His two volume history at once dramatic and scrupulously documented goes against the grain of traditional assessments of the last great revolution **The Mexican Revolution** Mark Wasserman, 2018-12-27 During the Mexican Revolution a remarkable alliance of peasants working and middle classes and elites banded together to end General Porfirio Diaz's thirty five year rule as dictator president and created a radical new constitution that demanded education for all children redistributed land and water resources and established progressive labor laws In this collection Mark Wasserman examines the causes conduct and consequences of the revolution and carefully untangles the shifting alliances of the participants In his introduction Wasserman outlines the context for the revolution rebels differing goals for land redistribution and the resulting battles between rebel leaders and their generals He also examines daily life and the conduct of the revolution as well as its national and international legacy The accompanying selected sources include political documents along with dozens of accounts from politicians and generals to male and female soldiers civilians and journalists Collectively they offer insight into the reasons for fighting the politics behind the war and the revolution's international legacy Document headnotes a chronology selected bibliography and questions for consideration provide pedagogical support

The Mexican Revolution, 1910-1940 Michael J. Gonzales, 2002 Examines Mexican politics and government from the dictatorship of General Porfirio Diaz to the presidency of General Lazaro Cardenas **Revolutionary Mexico** John Mason Hart, 1997-12-15 Looks at the Mexican Revolution against the background of world history discusses the causes of the revolt and compares it with those in Iran Russia and China *Anarchism and the Mexican Revolution* Colin M. MacLachlan, 1991 Historians of the Mexican experience in the United States immigration leftist politics and legal affairs and anyone interested in the First Amendment should read this book anyone concerned about individual rights during wartime should read it as well William H Beezley Texas Christian University A rich and multi textured presentation While scholars will find this work extremely enlightening the general reader will be caught up in the human drama James W Wilkie University of California Los Angeles *Mexican Revolution: The Constitutionalist Years* Charles C. Cumberland, 2010-06-28 The seven years with which this book concerns itself must be thoroughly examined if one is to have a grasp of modern Mexican history Military History of Texas and the Southwest The years 1913-1920 were the most critical years of the Mexican Revolution This study of the period a sequel to the author's Mexican Revolution Genesis under Madero traces Mexico's course through the anguish of civil war to the establishment of a tenuous new government the codification of revolutionary aspirations in a remarkable constitution and the emergence of an activist leadership determined to propel Mexico into the select company of developed nations The narrative begins with Huerta's overthrow of Madero in 1913 and the rise of Carranza's Constitutionalist counterchallenge It concludes with a summary of Carranza's stormy term as constitutional president climaxed by his ouster and overthrow in a revolt spearheaded by Alvaro Obregón Basing his study on a wide range of Mexican and US primary sources as well as pertinent secondary studies Cumberland brings a mature and sophisticated analysis to his material the

result is a major contribution to the understanding of one of the twentieth century's most significant revolutionary movements

The Wind that Swept Mexico Anita Brenner, 2010-03-01 100 pages of text and 184 historical news photographs This is the Mexican Revolution in its drama its complexity its incompleteness Bertram D Wolfe The Mexican Revolution began in 1910 with the overthrow of dictator Porfirio Díaz The Wind That Swept Mexico originally published in 1943 was the first book to present a broad account of that revolution in its several different phases In concise but moving words and in memorable photographs this classic sweeps the reader along from the false peace and plenty of the Díaz era through the doomed administration of Madero the chaotic years of Villa and Zapata Carranza and Obregón to the peaceful social revolution of Crdenas and Mexico's entry into World War II The photographs were assembled from many sources by George R Leighton with the assistance of Anita Brenner and others Many of the prints were cleaned and rephotographed by the distinguished photographer Walker Evans Here is the history of the revolution in 184 of the best photographs of the time The whole disintegration and painful reintegration of a society is marvelously set before the eyes Times Literary Supplement A classic and sympathetic statement of the first of the great twentieth century revolutions its words and pictures command our attention and our respect Military History One could not have seen it more closely and fully had one taken part in it Bertram D Wolfe

The Wind that Swept Mexico Anita Brenner, 1943 *Mexican Revolution: Genesis Under Madero* Charles C. Cumberland, 2014-04-15 The history of a dictatorship's demise and the many power struggles that followed on the rocky road to democracy in early twentieth century Mexico The Mexican Revolution is one of the most important and ambitious sociopolitical experiments in modern times This history by Charles C Cumberland addresses the early years of this period as the long dictatorship of Porfirio Díaz was finally overthrown and he was driven into exile due to the efforts of revolutionary reformer Francisco Madero with the assistance of the famed Pancho Villa and Emiliano Zapata among others Madero would become president but would not last long in this role This is the story of the events that would lead to years of bloody battles on the road to an eventual constitutional republic Not only a solid contribution to Mexican history but proof that political history can be organized logically around a leading personality Provocative readable and interpretative The Americas

The Mexican Revolution 1910-20 Philip Jowett, Alejandro de Quesada, 2013-10-20 Some of the most famous Western movies have been set against the background of the Mexican Revolution of the early 20th century Now for the first time in English Osprey offer a concise but fact packed account of the events armies uniforms and weapons of those ten chaotic and bloody years putting in context such famous but half understood names as Díaz Pancho Villa Zapata Madero and Huerta The text is illustrated with many rare and fascinating period photographs and with eight detailed color plates of orfiristas and Rurales Maderistas Federales Villistas Zapatistas and US volunteers and intervention troops

Ranchero Revolt Ian Jacobs, 1982-12-01 The Mexican Revolution has most often been characterized as the revolt of the oppressed rural masses against the conservative regime of Porfirio Díaz In *Ranchero Revolt* Ian Jacobs challenges this populist interpretation

of the Revolution by exploring the crucial role played by the rural middle class rancheros in the organization and final victory of the Revolution Jacobs focuses on the Revolution as it developed in Guerrero the rebellious Mexican state still frequently at odds with central authority His is the first account in English of the genesis and development of the Revolution in this important Mexican state and the first detailed history in any language of Guerrero in the period 1876 to 1940 Stressing as it does the conservative tendencies of the Revolution in Mexico Ranchero Revolt is a major contribution to revisionist history It is a striking example of the trend toward local and regional studies of Mexican history that are transforming much of the conventional wisdom about modern Mexico Among these studies however Ranchero Revolt is unusual in its chronological scope embracing not only the origins and military struggle of the Revolution but also the emergence of a new revolutionary state in the 1920s and 1930s Especially valuable are Jacobs descriptions of the agrarian developments that preceded and followed the Revolution the vagaries of local factions and the process of political centralization that took place first under Diaz and later under the revolutionary regimes

Revolution and Ideology John A. Britton, 2014-07-15 Mexico and the United States share a border of more than 2 000 miles and their histories and interests have often intertwined The Mexican Revolution which began in 1910 and continued in one form or another for the next thirty years was keenly observed by U S citizens especially those directly involved in Mexico through property ownership investment missionary work tourism journalism and education It differed from many other revolutions in this century in that Marxist Leninist theory was only one of many radical and reformist influences Historian John A Britton examines contemporary accounts written by Americans commenting on social upheaval south of the border radical writers John Reed Anita Brenner and Carlton Beals novelists Katherine Anne Porter and D H Lawrence social critics Stuart Chase and Waldo Frank and banker diplomat Dwight Morrow to mention a few Their writings constitute a valuable body of information and opinion concerning a revolution that offers important parallels with liberation movements throughout the world today Britton s sources also shed light on the many contradictions and complexities inherent in the relationship between the United States and Mexico

The Mexican Revolution Mary Pierce Frost, Susan Keegan, 1996 Examines the events leading to surrounding and following the Mexican Revolution

Mexicans in Revolution, 1910-1946 William H. Beezley, Colin M. MacLachlan, 2009-06-01 Recounts the events surrounding the Mexican Revolution covering key moments conflicts and developments from 1910 to 1920 and explaining how Mexicans fought for social and economic justice while shaping modern Mexico

Villa and Zapata Frank McLynn, 2000 A gripping account explores the first massive revolution to fracture the 20th century and presents a biography of the two passionate men who implemented it of photos

The Mexican Revolution Hourly History, 2018-11-27 Over a period of more than ten years following the overthrow of the government in 1910 Mexico experienced a period of intense and bloody warfare as a bewildering array of factions in ever changing alliances took power and then lost it Presidents were elected or elected themselves and were then deposed or assassinated New factions appeared with impressive sounding slogans took to the field

and were either wiped out and never heard of again or became the next government Inside you will read about The Porfiriato The Unlikely Revolutionary Reign and Assassination of Madero The Iron Hand of Huerta Carranza Takes on Zapata and Villa Last Man Standing And much more Discover the Mexican Revolution a major 20th century uprising that reshaped Mexico s politics society and identity From Pancho Villa to Emiliano Zapata explore the leaders battles and ideals behind the fight for change Perfect for history enthusiasts and students of revolution Get your copy today and uncover the story of Mexico s struggle for justice **The Mexican Revolution** Adolfo Gilly,1983
