Communicating in Groups and Teams

Gay Lumsden, Donald L. Lumsden, 1997 This book distinguishes itself in two major ways 1 its emphasis on teamwork and leadership skills and 2 its integration of ethics and multicultural diversity throughout all discussion of small group communication This book meets current market needs because of the recent attention given teams in business and industry the increasingly diverse nature of colleges and organizations and growing awareness that colleges should be challenging students to examine their own leadership competence and understand the ethical and social implications of the groups in which they participate

Designing Character-based Console Games Mark Davies, 2007 In today's game market more games are developed for the Xbox PlayStation and Nintendo systems than for the PC so designers and developers need to hone their skills and learn console specific techniques in order to succeed in this very competitive field Designing Character Based Console Games delves into the intricacies and technical details of console design while covering the broader aspects of design that apply to all types of games including action adventure first person shooters and role playing games It offers a starting point for any budding designer a point of reference for anyone who wants to learn more about how games are made and a few choice nuggets of information for the expert By following the process of design from start to finish the book teaches best practice design methods to help designers avoid repeating common mistakes It provides a thorough discussion of gameplay and how to design it effectively and how to write the narrative and develop the characters It explores the important aspects of a character based game design including game structure character control and combat Specifics on viewpoint cameras artificial intelligence physics environments audio interface design economies and game balancing are also covered in detail
