Methods Of Architectural Programming:

Methods of Architectural Programming (Routledge Revivals) Henry Sanoff, 2016-05-20 First published in 1977 this volume was intended as a sourcebook for designers and attempts to specify the ingredients necessary to develop a design program rather than postulate a model program for which no consensus exists As such it filled a void in the existing literature which seldom covered programming with much depth and provides technical aids to guide designers The author attempts to integrate the pioneering contributions from others in order to identify the substance of programming for designers and represents a culling of the strategies and techniques from the social behavioural and management sciences building on the developing efforts of other disciplines Methods of Architectural Programming Henry Sanoff, 1975

Methods of architectural programming H. Sanoff, 1977 Architectural Programming: Creative Techniques for Design Professionals Robert R. Kumlin, 1995-05-22 Architectural programming is the key to successful design It is the crucial process of gathering organizing and assessing a client's building use information This process includes design concepts and program objectives staff and employee projections current and future space requirements adjacencies and relationships equipment and utility requirements project cost and more This unique book and diskette provide architects engineers facilities managers corporate and institutional administrators and others with an effective method for gathering and assessing data needed to successfully design virtually any type of building from office towers and educational facilities to laboratories and medical facilities **Problem Seeking** William M.
