## **Mexico Profundo:**

**Nuevo México Profundo**, 2000 Photographs document the contemporary followers of the famed Mexican folk healer who died in 1938 and the pilgrimages that continue in his name *México profundo* Bonfil Batalla, Guillermo, 2020-04-23 Mexico profundo Una civilización negada es un recorrido histórico etnológico del pensamiento mexicano que mediante la revalorización de la cultura indígena nacional pretende unificar un país que el autor considera como dividido **The Mexicans** Floyd Merrell, 2018-02-15 This book captures and reveals the intriguing complexities of daily life in Mexico from its artistic pursuits to its political and economic patterns It is of interest to students who during their professional career expect to come into contact with citizens of Mexican origin in the United States **Complementing Latin American Borders** Floyd Merrell, 2005-10-30 The idea of complementing borders is appropriately ambiguous with respect to Latin America People inhabiting cultural borders do not belong to either of the two sides yet they are contained within the complementation that emerges when two or more cultures interdependently and incongruously interact In giving an account of complementing borders this volume alludes to the Latin American context most particularly Brazil and Mexico through notions of rhythms and resonances euphonies and discords continuous flows and syncopes all of which are found in everyday life the arts politics economics and social institutions and practices The general theme of *Complementing Latin American Borders* emerging from Charles S Peirce's process philosophy is that of ebb and flow fusion and diffusion ordering and disordering and the intermixing and dispersal of propensities and proclivities among Latin American cultures past and present The story begins with a dialogue in the form of a satirical play on various characters of Jorge Luis Borges Latin American is then presented in terms of invention and perpetual reinvention As such Latin America as sympathetic vibrations creating cultural patterning brings about notions of vagueness within generality by way of homogenizing and heterogenizing tendencies within hegemonizing pressures The reader comes away with a renewed sense of Latin American border complementing Catholic Borderlands Anne M. Martinez, 2014-10-01 In 1905 Rev Francis Clement Kelley founded the Catholic Church Extension Society of the United States of America Drawing attention to the common link of religion Kelley proclaimed the Extension Society's duty to be that of preventing American Protestant missionaries public school teachers and others from separating people from their natural faith Catholicism Though domestic evangelization was its founding purpose the Extension Society eventually expanded beyond the national border into Mexico in an attempt to solidify a hemispheric Catholic identity Exploring international racial and religious implications Anne M Martinez's *Catholic Borderlands* examines Kelley's life and actions including events at the beginning of the twentieth century that prompted four exiled Mexican archbishops to seek refuge with the Archdiocese of Chicago and befriend Kelley This relationship inspired Kelley to solidify a commitment to expanding Catholicism in Mexico Puerto Rico and the Philippines in response to the national plan of Protestantization which was indiscreetly being labeled as Americanization Kelley's cause intensified as the violence of the

Mexican Revolution and the Cristero Rebellion reverberated across national borders Kelley's work with the U.S. Catholic Church to intervene in Mexico helped transfer cultural ownership of Mexico from Spain to the United States thus signaling that Catholics were considered not foreigners but heirs to the land of their Catholic forefathers **Lydia's Open Door** Patty Kelly, 2023-04-28 In this groundbreaking ethnographic study Patty Kelly examines the lives of the women who work in the Zona Galactica a state run brothel in Chiapas's capital city By delving into lives that would otherwise go unremarked Kelly documents the modernization of the sex industry during the neoliberal era in the city of Tuxtla Gutierrez and illustrates how state regulated sex became part of a broader effort by government officials to bring modernity to Chiapas one of Mexico's poorest and most conflicted states Kelly's innovative approach locates prostitution in a political economic context by treating it as work Most valuably she conveys her analysis through vivid portraits of the lives of the sex workers themselves and shows how the women involved are neither victims nor heroines In this groundbreaking ethnographic study Patty Kelly examines the lives of the women who work in the Zona Galactica a state run brothel in Chiapas's capital city By delving into lives that would otherwise go unremarked Kelly documents the modernization

Tinker, David Eugene Wilkins, 2003 Native peoples of North America still face an uncertain future due to their unstable political legal and economic positions Views of their predicament continue to be dominated by non Indian writers In response a dozen Native American writers here reclaim their rightful role as influential voices in debates about Native communities These scholars examine crucial issues of politics law and religion in the context of ongoing Native American resistance to the dominant culture They particularly show how the writings of Vine Deloria Jr have shaped and challenged American Indian scholarship in these areas since 1960s They provide key insights into Deloria's thought while introducing some critical issues confronting Native nations Collectively these essays take up four important themes indigenous societies as the embodiment of cultures of resistance legal resistance to western oppression against indigenous nations contemporary Native religious practices and Native intellectual challenges to academia Essays address indigenous perspectives on topics usually treated by non Indians such as role of women in Indian society the importance of sacred sites to American Indian religious identity and relationship of native language to indigenous autonomy A closing essay by Deloria in vintage form reminds Native Americans of their responsibilities and obligations to one another and to past and future generations This book argues for renewed cultivation of a Native American Studies that is more Indian centered

**México Profundo** Guillermo Bonfil Batalla, Philip A. Teresa Eckmann, 2000 Escaping Education Madhu Suri Prakash, Gustavo Esteva, 2008 Escaping Education challenges the modern certainty that education is a universal good and a human right. It opens doors to alternative landscapes of learning and living that still flourish at the grassroots within the cultures of the uneducated, the undereducated, and the illiterate who constitute the social majorities or the Two Thirds World. It celebrates the richness of their traditions, their pluriverse, or commons, common sense, and communal teaching, keeping at bay the modern reign of homo oeconomicus and homo educandus. Standing the all too familiar tale of education on its head, it joins the regeneration of soil cultures resisting cultural meltdown in the global classroom.
