Political Experience in Occupied Aztlan Armando Navarro, 2005-07-14 This exciting new volume from Armando Navarro offers the most current and comprehensive political history of the Mexicano experience in the United States. He examines in depth topics such as American political culture, electoral politics, demography, and organizational development. Viewing Mexicanos today as an occupied and colonized people, he calls for the formation of a new movement to reinvigorate the struggle for resistance and change among Mexicanos. Navarro envisions a new political and cultural landscape as the dominant Latino population Re Mexicanizes the U.S. into a more multicultural and multiethnic society. This book will be a valuable resource for political and social activists and teaching tool for political theory, Latino politics, ethnic and minority politics, race relations in the United States, and social movements. *Remembering Conquest* Omar

Valerio-Jiménez, 2024-04-10 This book analyzes the ways collective memories of the US-Mexico War have shaped Mexican Americans' civil rights struggles over several generations. As the first Latinx people incorporated into the nation, Mexican Americans were offered US citizenship by the Treaty of Guadalupe Hidalgo, which ended the war. Because the 1790 Naturalization Act declared whites solely eligible for citizenship, the treaty pronounced Mexican Americans to be legally white. While their incorporation as citizens appeared as progress towards racial justice and the electorate's diversification, their second-class citizenship demonstrated a retrenchment in racial progress. Over several generations, civil rights activists summoned conquest memories to link Mexican Americans' poverty, electoral disenfranchisement, low educational attainment, and health disparities to structural and institutional inequalities resulting from racial retrenchments. Activists also recalled the treaty's citizenship guarantees to push for property rights protection from vigilante attacks and educational reform. Omar Valerio Jiménez addresses the politics of memory by exploring how succeeding generations reinforced or modified earlier memories of conquest according to their contemporary social and political contexts. The book also examines collective memories in the US and Mexico to illustrate transnational influences on Mexican Americans and to demonstrate how community and national memories can be used strategically to advance political agendas. **East of East** Romeo

Guzmán, Caribbean Fragoza, Alex Sayf Cummings, Ryan Reft, 2020-02-14 *East of East: The Making of Greater El Monte* is an edited collection of thirty-one essays that trace the experience of a California community over three centuries from eighteenth-century Spanish colonization to twenty-first-century globalization. Employing traditional historical scholarship, oral history, creative nonfiction, and original art, the book provides a radical new history of El Monte and South El Monte, showing how interdisciplinary and community-engaged scholarship can break new ground in public history. *East of East* tells stories that have been excluded from dominant historical narratives: stories that long survived only in the popular memory of

residents as well as narratives that have been almost completely buried and all but forgotten Its cast of characters includes white vigilantes Mexican anarchists Japanese farmers labor organizers civil rights pioneers and punk rockers as well as the ordinary and unnamed youth who generated a vibrant local culture at dances and dive bars **La Raza**, 1972 *All Power to the People* Jason Michael Ferreira,2003 **Nuestro**, 1980 **Hispanics in the American West** Jorge Iber,Arnoldo De León,2006 Looks at the history of Hispanic peoples in the American West from the period of Spanish colonization This work portrays the daily lives struggles and triumphs of Spanish speaking peoples from the arrival of Spanish conquistadors It highlights moments such as the Mexican American War the coming of the railroad World War II and others **Declarations of Independence** James L.
