Ballinger, Jr., **The Swamp** Michael Grunwald,2007-03-27 A prize winning rWashington Post reporter tells the story of the Florida Everglades from its beginnings as 4 500 off putting square miles of natural liquid wasteland to the ecological mess it has become Photos **An Everglades Providence** Jack E. Davis,2013-05 No one did more than Marjory Stoneman Douglas to transform the Everglades from the country s most maligned swamp into its most beloved wetland By the late twentieth century her name and her classic The Everglades River of Grass had become synonymous with Everglades protection The crusading resolve and boundless energy of this implacable elder won the hearts of an admiring public while confounding her opponents growth merchants intent on having their way with the Everglades Douglas s efforts ultimately earned her a place among a mere handful of individuals honored as a namesake of a national wilderness area In the first comprehensive biography of Douglas Jack E Davis explores the 108 year life of this compelling woman Douglas was more than an environmental activist She was a suffragist a lifetime feminist and supporter of the ERA a champion of social justice and an author of diverse literary talent She came of age literally and professionally during the American environmental century the century in which Americans mobilized an unprecedented popular movement to counter the equally unprecedented liberties they had taken in exploiting polluting and destroying the natural world The Everglades were a living barometer of America s often tentative shift toward greater environmental responsibility Reconstructing this larger picture Davis recounts the shifts in Douglas s own life and her instrumental role in four important developments that contributed to Everglades protection the making of a positive wetland image the creation of a national park the expanding influence of ecological science and the rise of the modern environmental movement In the grand but beleaguered Everglades which Douglas came to understand is a vast natural system that supports human life she saw nature s providence *George Merrick, Son of the South Wind* Arva Moore Parks,2015-11-03 The story of developers selling off the Sunshine State is as old as the first railroad tracks laid across the peninsula But seldom do we hear about the men who actually built a better Florida In *George Merrick Son of the South Wind* South Florida historian Arva Moore Parks

recounts George Merrick's quest to distinguish himself from the legions of developers who sought only profit. Helping to create the land boom of the 1920s, Merrick transformed his family's citrus grove just outside of Miami into one of the finest planned communities, the master suburb of Coral Gables. With a team of architects and city planners, he built homes for the growing middle class in the Mediterranean Style using local stone, and he invested in public infrastructure by designing and building parks and pools, trolley lines, and waterways. He pledged land for a library and the university that would become the University of Miami. Hailed in national publications as a visionary, Merrick was green before green, a New Urbanist before the movement even had a name. As Coral Gables and Merrick prospered, he reinvested in education, affordable housing, and other progressive causes. But the Great Depression ravaged Miami, and Merrick's idealism cost him his fortune. He died with an estate worth less than \$400. With unprecedented access to the Merrick family and mining a treasure trove of Merrick's personal letters, documents, speeches, and manuscripts, Parks presents the remarkable story of George Merrick and the development of one of the nation's most iconic planned cities.

[Bubble in the Sun](#)

Christopher Knowlton, 2021-01-12. Christopher Knowlton, author of *Cattle Kingdom* and former *Fortune* writer, takes an in-depth look at the spectacular Florida land boom of the 1920s and shows how it led directly to the Great Depression. The 1920s in Florida was a time of incredible excess, immense wealth, and precipitous collapse. The decade there produced the largest human migration in American history, far exceeding the settlement of the West, as millions flocked to the grand hotels and the new cities that rose rapidly from the teeming wetlands. The boom spawned a new subdivision civilization and the most egregious large-scale assault on the environment in the name of progress. Nowhere was the glitz and froth of the Roaring Twenties more excessive than in Florida. Here, as in Vegas before there was a Vegas, gambling was condoned, and so was drinking, since prohibition was not enforced. Tycoons, crooks, and celebrities arrived en masse to promote or exploit this new and dazzling American frontier in the sunshine. Yet the import and deep impact of these historical events have never been explored thoroughly until now. In *Bubble in the Sun*, Christopher Knowlton examines the grand artistic and entrepreneurial visions behind Coral Gables, Boca Raton, Miami Beach, and other storied sites, as well as the darker side of the frenzy. For while giant fortunes were being made and lost, and the nightlife raged more raucously than anywhere else, the pure beauty of the Everglades suffered wanton ruination, and the workers, mostly black, who built and maintained the boom endured grievous abuses. Knowlton breathes dynamic life into the forces that made and wrecked Florida during the decade: the real estate moguls Carl Fisher, George Merrick, and Addison Mizner, and the once-in-a-century hurricane whose aftermath

triggered the stock market crash This essential account is a revelatory and riveting history of an era that still affects our country today The Annalist ,1926 The Timberman ,1925 The American Missionary ,1917 Vols 13 62 include abridged annual reports and proceedings of the annual meetings of the American Missionary Association 1869 1908 v 38 62 include abridged annual reports of the Society s Executive Committee 1883 1884 1907 1908 **The Truth about Florida** Charles Donald Fox,1925 **The Magazine of Wall Street** ,1924 The Early Annals of the English in Bengal Charles Robert Wilson,1900 Florida in the Making Frank Parker Stockbridge,John Holliday Perry,1926 **The Spectator** ,1925 *System* ,1923 **Annual Report of the Secretary of the State Board of Agriculture ... and ...
