Global Trend Habit Building:

Global Trends A. Done,2011-10-31 Looks at the bigger picture and the future trends that are going to affect the global business world over the next few years The author analyses traditional themes such as technology and sustainability but also takes into consideration the effects of developments in other areas such as health education and demographics [World](#)

Wide Weed Tom Decorte,2016-02-11 For the majority of its history the cultivation of cannabis did not stand out at least compared to the cultivation of other illegal plants Cannabis plantations like coca bush or opium poppy plantations were typically large in size grown by local farmers in a handful of developing producing countries processed and then exported to industrial consuming nations While cocaine and heroin are still produced in a handful of developing countries cannabis cultivation is increasingly universal From Europe to the Americas and Oceania import substitution in cannabis markets has been noticed in almost every developed country around the world with a notable aversion for discrimination Geographical technological cultural and economic factors help to explain why indoor and outdoor domestic cultivation is well established and why the nature and extent of cultivation varies so dramatically across the western developed nations As we start the second decade of the 21st century the new cannabis industry continues to fascinate both casual and academic observers of the drug scene Researchers around the world have become increasingly interested in the phenomenon aiming to describe and potentially explain the rapid switch from importation to domestic production in their own countries In bringing together some of the world's leading experts on cannabis cultivation this book contains sixteen chapters that take an interdisciplinary look at global trends in cannabis cultivation It will serve as an exemplar for wider discussions of key theories and concepts relating to the spread not just of cannabis cultivation but also of illegal markets more generally the actors that operate within these markets and the policies and practices that are employed in response to developments within these markets [Drugs of Abuse: The International Scene](#) Mangai Natarajan,2017-05-15 Globalization and attendant modernization has increased both the supply and the demand for drugs around the world Drug abuse is no longer the concern of only the developed world Countries without histories of drug use particularly developing countries are now reporting problems of abuse because they have become transit points for international drug trafficking Because the problem is now worldwide a global strategy is needed for identifying analyzing and developing strategies to deal with drug abuse and the associated problems for health and safety This volume reviews the international status of drug abuse Specific topics covered include drug abuse in the developing world emerging drugs and poly drug use gateway drugs cultural views of drug use and state of the art methodologies employed in research on drug abuse
