**Day-Care for Healthy Child Development and Wider Social and Economic Gain in Urban Areas in Low- and Middle Income Countries** Helen Elsey, Patricia Kitsao-Wekulo, Robert C. Hughes, Margaret Nampijja, Paula Griffiths, Shagoofa Rakhshanda, George Evans Owino, 2024-06-26 Rapid urbanization in low and middle income countries LMICs has triggered a childcare crisis As families move to the city they leave behind extended family and traditional support networks parents and guardians particularly mothers are working long hours outside the home often in informal and unstable jobs In response to the increasing demand a range of informal private and NGO providers have sprung up to provide day and sometimes night care Governments are struggling to respond and the care for children in the early years frequently falls between ministries The combination of these factors in LMIC cities has left children from low income families with substandard childcare which poses a threat to their immediate and long term health and development

**Social and Physical Ecologies for Child Resilience: Wisdom from Asia and Africa** Haibin Li, Guanglun Michael Mu, Linda Theron, 2023-11-16 Since Emmy Werner and her team discovered on the Hawaiian island of Kauai the invincible children who fared well despite exposure to significant household risks there has been proliferating research on child resilience as a positive response to adverse conditions The past five decades have seen significant advancements in and diverse approaches to understanding challenges facilitative factors and positive outcomes in the resilience process that involve children Despite existing and continuously emerging modelings and framings there appears a common understanding that child resilience unfolds through the interactions between individuals and the environments surrounding them This Research Topic therefore takes an ecological approach to child resilience While ecologies constitute social spaces that nurture child resilience they can also refer to the physical environments surrounding children There has been robust empirical evidence suggesting resilience is a shared capacity of the individual and the social ecology e.g families schools and communities and more recently of the individual and the physical ecology e.g the built or natural environment

**Resources in Education**, 1999-10 **Wong's Nursing Care of Infants and Children - E-Book** Marilyn J. Hockenberry, 2022-12-23 American Journal of Nursing AJN Book of the Year Awards 1st Place in Child Health Provide quality nursing care through each stage of child development

Wong's Nursing Care of Infants and Children 12th Edition uses an easy to follow family centered approach to describe the care of children at each age and stage of development. The book begins with a discussion of the influences on and assessment of child health then provides chapters on child health promotion and health problems all organized by age groups and body systems. Up to date evidence based information helps you develop critical thinking skills along with the sensitivity needed to become a compassionate caring pediatric nurse. Written by a team of experts led by Marilyn J Hockenberry Wong's continues to be the leading text in pediatric nursing. Focus on family centered care emphasizes the role and influence of the family in child health and illness with a separate chapter and Family Centered Care boxes. Full color drawings and photographs reflect the latest in nursing care. Nursing Care Guidelines boxes offer clear step by step instructions for interventions in a variety of situations and conditions and Nursing Care Plan boxes included expected patient outcomes and rationales for nursing interventions. Nursing Tips include helpful hints and practical clinical information. Translating Evidence into Practice and Applying Evidence to Practice boxes help you apply research to improve the outcomes of nursing care. Atraumatic Care boxes contain techniques for care that manage pain discomfort or stress along with approaches to promote self esteem and prevent embarrassment. Emergency Treatment boxes serve as a quick reference for interventions in critical situations. Cultural Considerations and Cultural Competence content provides tips from clinical experts. Community and Home Health Considerations boxes address issues such as increasing immunization rates decreasing smoking among teens and preventing lead poisoning. Drug Alerts highlight important drug related information for safe appropriate care. Nursing Alerts call out critical considerations such as key assessment data risk factors and danger signs that must be considered in providing care. Research Focus boxes emphasize research with concise reviews of important evidence.
