Nutty But Nice

**Jeff Lenburg, Joan Howard Maurer, Greg
Lenburg**

Nutty But Nice:

Stoogeology Peter Seely, Gail W. Pieper, 2007-05-15 In the world of slapstick comedy few are more beloved than the Three Stooges. Throughout their 190 short films they consistently delivered physical, verbal, and situational comedy in new and creative ways. Following the trio from outer space to ancient Rome, this volume provides an in-depth look at their comedy and its impact on twentieth-century art, culture, and thought. This analysis reveals new insights into the language, literary structure, politics, race, gender, ethnicity, and even psychology of the classic shorts. It discusses the elements of surrealism within the Stooges' films, exploring the many ways in which they created their own reality regardless of time and space. The portrayal of women and minorities and the role of the mistake in Stooges works are also addressed. Moreover, the book examines the impact that the Columbia Studios style and the austerity of its Short Subjects Department had on the work of the Three Stooges' films that ironically have outlasted more costly and celebrated productions. Jeff Lenburg, Joan Howard Maurer, Greg Lenburg, 2012 Provides information about the Stooges' lives and careers, including photographs, interviews, and filmography. Character-Based Film Series Part 3 Terry Rowan, 2016-08-31 The Character-based film series, each complete on its own but sharing a common cast of main characters with continuing traits and a similar situation format, and stars include Abbott Costello, Alan Ladd, Batman, Calamity Jane, Elvis Presley, Harry Callahan, Harry Palmer, Hercules, Indiana Jones, James Bond, John Wayne, Laurel Hardy, Martin Lewis, Matt Helm, Nick Carter, Red Ryder, The Saint, Sinbad the Sailor, Spider-Man, Star Trek, Texas Rangers, The Thin Man, The Three Stooges, and Tony Rome, plus so many more character-based series. The third book in the series of 3. See the other books in the series. **A Bucket of Stars** Suri Rosen, 2023-10-03 A story of two kids trying to save the world they know and heal the families they have. It's the summer of 2003, and thirteen-year-old amateur astronomer Noah Cooper has just moved to Queensport, a small town with a vast sky full of stars. There he meets Tara Dhillon, a lonely girl and aspiring filmmaker. When the two team up to produce an astronomy movie and enter a film contest, they discover a secret plan to turn their rural hamlet into a huge subdivision. Noah and Tara must use their unique skills to identify the culprits who plan on paving over the historic county and try to save the infinite beauty of the stars. As if that's not enough to have at stake, Noah needs to win the prize money to buy a new telescope for his unemployed father, an ex-astronomer who's almost given up on the stars as well as life on earth. Touching on themes of activism, environmental anxiety, and mental health, *A Bucket of Stars* will have readers cheering for Noah, a boy whose head is in the stars, and Tara, a girl who lives in a world of digital images and their special bond that just might mend the world around them.
