WHOLE STORY OF YOGA THERE ARE IMPORTANT THINGS AND ONLY STEPS FOR A HEALTHY QUIET AND PEACEFUL LIFE

*Yoga for Beginners* Alecandra Baldec,2013-03-08 Yoga For Beginners is a text that is well timed It explores all the aspects of yoga that an individual that is interested in starting yoga would want to know The book takes the reader through the different aspects of yoga step by step starting with a working definition of yoga and who yoga is best suited for This process is still a mystery to many in the Western World as they simply had no care to learn about it due to religious reasons or otherwise As things become more integrated however more and more persons are becoming exposed to yoga and are curious to learn where it all started and how it can be beneficial to them The author makes every effort to make the information as reader friendly as possible and as interesting as possible to keep the reader engaged in the process The text gives the novice just enough information to enable them to make an informed decision as to whether or not they will opt to practice yoga or not There is even a chapter that shows the link between meditation and yoga and how the two work together to get the body and the mind in unison It is a very informative text About the Author Yoga has made quite a comeback in recent years as more and more individuals start to realize the benefits that they can accrue from doing this low impact form of exercise Alecandra Baldec is well aware of this as she has been practicing yoga for quite a number of years now It all started when she saw her aunt practicing every day after she had a heart attack As curiosity got the better of her she asked why her aunt was doing this and was told that is was the best way to get the mind and body in sync and to get rid of built up stress Alecandra took this a step further and sought to do her own research to find out exactly what the process of yoga entailed This opened her up to a whole new world and she did end up learning a lot about the process including the many benefits that it came with As such she took it upon herself to get the information out to as many persons as she possibly could so that they too may learn the many benefits that they can accrue from practicing yoga Her book is just one of the ways that she chose to do so
