Sheckels, 2016-02-24 Suggesting that politics and power are at the center of Margaret Atwood s fiction Theodore F Sheckels examines Atwood s novels from *The Edible Woman* to *The Year of the Flood* Whether her treatment is explicit as in *Bodily Harm* and *The Handmaid s Tale* or by means of an exploration of interiority as in *Cat s Eye* and *The Robber Bride* Atwood s persistent concern is with how the

empowered act towards those who are constrained within the political economic and social institutions that facilitate power dynamics Sheckels identifies an increasing sophistication in Atwood's exposition of power over time that is revealed in the later novels engagement with social class postcolonialism and a globalism that merges science and commerce as issues relevant to politics and power Acknowledging that Atwood is not a political theorist but a novelist Sheckels does not suggest that her work should be viewed as political commentary but rather as a creative treatment of the laudable but ultimately only partially successful ways in which women and other groups resist the constraints placed on them by institutionalized oppression Washington University Studies Washington University (Saint Louis, Mo.),1919 **John Campanius'**

Lutheran Catechism in the Delaware Language ,1945 **The Brontë Sisters: Responses to the novels Agnes Gray, Wuthering Heights and the Tenant of Wildfell Hall** Eleanor Jane McNees,1996 The Bronte sisters have received an enormous amount of critical attention given their short lives and relatively slender literary production As a group and individually the Brontes works resist being swept away by any one critical approach They defied conventional ideas of the novel genre and have always made it difficult for critics to categorize them The aim of these volumes is to emphasize both the diversity and difficulty of critical approaches to the works **An Outline of Period Furniture** Katharine Morrison

Nikolaus Pevsner became a central player in the intellectual and cultural life of his adopted country Almost impossibly energetic efficient and effective his contribution both to scholarship and to the public appreciation of art and architecture is immense In addition to the famous Buildings in England series known commonly as Pevsner he wrote standard textbooks held professorships delivered Reith lectures promoted with equal fervour Victorian and Bauhaus architecture and for over 25 years from the end of the war was a regular broadcaster for the BBC Here principally for the Third Programme his talks ranged from a discussion of Breughel's art to the buildings of Gaudi from a series on Englishmen's castles to meditations on modern town planning from Elizabethan mannerism to contemporary American architecture

The Myth of Harm Sarah Cleary,2022-12-01 Choice Outstanding Academic Title 2023 The Myth of Harm engages and analyses controversies generated by horror that examines some of the most high profile media debates around the issue of whether or not horror texts corrupt children The horror genre has endured a long and controversial success within popular culture Fraught with accusations pertaining to its alleged ability to harm and corrupt young people and indeed society as a whole the genre is constantly under pressure to suppress that which has made it so popular to begin with its ability to frighten and generate discussion about society's darker side Recognising the circularity of patterns in each generational manifestation of horror

censorship The Myth of Harm draws upon cases such as the Slenderman stabbing and the James Bulger murder amongst many others in order to explore the manner in which horror has been repeatedly cast as a harmful influence upon children at the expense of scrutinising other more complex social issues Focusing on five major controversies beginning in the 1930 s Golden Age of Horror Cinema and ending on a more contemporary note with Cyber Gothic horror this book identifies and considers the various myths and false hoods surrounding the genre of horror and question the very motivation behind the proliferation and dissemination of these myths as scapegoats for political and social issues platforms for moral entrepreneurs and tools of hyperbolae for the news industry **The Review of English Studies** ,1929 Includes a section Summary of periodical literature
