are holistically captured as the roadmaps of SDG's Indonesia where Health stands specially as the top three priority and regarded as Good Health Wellbeing. It is clear that what have been produced through long chain of processes in the research chambers must be driven forward and translated accordingly to reach downstream utilizations in such a way that the good health and well being are reachable in any levels. As to manifesting these goals into realization knowledge sharing is deemed to be a plausible vehicle. This enables disseminations of most current research projects related to health across research institution regionally or globally. Therefore we see the need to organize our very first international conference that is further set as one of our annual events with contemporary umbrella themes. We welcome researchers scholars and practitioners in health and health related fields to share their insightful research results in our conference. The general objective of BRIN's 1st International Conference for Health ICHR is to facilitate dissemination and exchange of most recent progresses made across research institutions and to promote prospectus multi nationals and or multi institutional collaborations to achieve the good health and well being.
