The Thun-Hohenstein Album Chassica Kirchhoff, 2023 The first extensive study of the depiction of the armour in the Thun Hohenstein Album against the vibrant artistic and cultural contexts that created it In late medieval and early modern Europe armour was more than a defensive technology for war or knightly sport Its diverse types formed a complex visual language Luxury armour was fitted precisely to a wearer's body and its memorable details declared his status Empty armour could evoke an owner's physical presence prompting recollection of knightly personae glittering pageantry and impressive feats of arms Its mnemonic power persisted long after the battle had ended the trumpets had gone silent and the dust had settled in the tournament arena Previously believed to contain preliminary designs sketched by master armourers the Thun Hohenstein album is a bound collection of drawings by professional book painters depicting some of the most artistically and technologically innovative armours of the fifteenth and sixteenth centuries Like a paper version of the princely armories that first formed during the 1500s the album's images offered rich sites of meaning and memory Their organization within the codex suggests the images' significance to their compiler At the same time the composition and details allow the reader to trace the transmission of recognizable armours and the memories they embodied from the anvil to the page This book is the first to examine the album and the armor it depicts in their vibrant artistic and cultural context In five thematic chapters it moves from case studies of these drawings to explore the album's complex intersections with the genres of martial history

material culture and literature It also reveals the album s participation in cultures of remembrance that carried mythic knightly personae constructed around powerful Habsburg princes forward in time from the Middle Ages into the early modern era from the courts of the Holy Roman Empire to emerging urban audiences The Bulletin of the Metropolitan Museum of Art Metropolitan Museum of Art (New York, N.Y.),1914 New ser v 6 29 include 77th 100th Annual report of the Trustees of the Metropolitan Museum of Art 1946 1969 70 previously and subsequently published separately *Old Master Drawings from the Museum of Art, Rhode Island School of Design* Rhode Island School of Design.
