The Mexican Cinema of Darkness Doyle Greene, 2007-05-16 Following social upheaval and tragedy in 1968 Mexican horror cinema shifted away from masked wrestler flicks and toward darker more explicit films which can be called avant exploitation This work covers six of those films from 1968's El Topo to 1988's Santa Sangre **The Mexican Masked Wrestler and Monster Filmography** Robert Michael "Bobb" Cotter, 2015-06-14 Any on screen schmuck

can take down a wolfman with a silver bullet It takes a certain kind of hero to hoist that wolfman overhead into an airplane spin follow with a body slam drop an atomic elbow across his mangy neck leg lock him until he howls and pin his furry back to the mat for a three count It takes a Mexican masked wrestler Add a few half naked vampire women Aztec mummies mad scientists evil midgets from space and a goateed Frankenstein monster and you have just some of the elements of Mexican masked wrestler and monster movies certainly among the most bizarre surreal and imaginative films ever produced This filmography features some of the oddest cinematic showdowns ever concocted Mexican masked wrestlers battling monsters

evil geniuses and other ne'er do wells be it in caves cobwebbed castles or in the ring. From the 1950s to the 1970s these movies were staples of Mexican cinema combining action, horror, sex, science fiction and comedy into a bizarre amalgam aimed to please the whole family. Chapters examine the roots of the phenomenon including the hugely popular masked wrestling scene and the classic Universal horror films from which Mexican filmmakers stole without compunction. Subsequent chapters focus on El Santo, Blue Demon and Mil Máscaras, the three most prominent masked wrestlers, wrestling women, other less prominent masked wrestlers and the insane mish-mash of monsters pitted against the heroes. Each chapter includes background information and a full filmography and a wide assortment of striking illustrations, posters, lobby cards and other graphic material, some better than the movies they advertised. [accompany the text](#) [The Migration and Politics of Monsters in Latin American Cinema](#) Gabriel Eljaiek-Rodríguez, 2018-09-26 [The Migration and Politics of Monsters in Latin America](#) proposes a cinematic cartography of contemporary Latin American horror films that take up the idea of the American continent as a space of radical otherness or monstrosity and use it for political purposes. The book explores how Latin American film directors migrate foreign horror tropes to create cinematographic horror hybrids that reclaim and transform monstrosity as a form of historical rewriting. By emphasizing the specificities of the Latin American experience, this book contributes to broad scholarship on horror cinema at the same time connecting the horror tradition with contemporary discussions on violence, migration, fear of immigrants and the rewriting of colonial discourses. [Pop Culture Latin America!](#) Lisa Shaw, Stephanie Dennison, 2005-01-14 [A survey of contemporary Latin American popular culture](#) covering topics that range from music and film to popular festivals and fashion. Like no other volume of its kind, [Pop Culture Latin America](#) captures the breadth and vitality of pop culture in Central and South America and the Caribbean, exploring both familiar and lesser-known aspects of its unique melange of art, entertainment, spirituality and celebrations. Written by contributors who are scholars and specialists in the cultures and languages of Latin America, the book focuses on the historical, social and political forces that have shaped Latino culture since 1945, particularly in the last two decades. Separate chapters cover music, popular cinema, mass media, theater and performance, literature, cultural heroes, religions and festivals, social movements and politics, the visual arts and architecture, sports and leisure, travel and tourism, and language. [*Haunted Families and Temporal Normativity in Hispanic Horror Films*](#) Charles St-Georges, 2018-04-20 This book examines the interactions between ghosts and families in three recent horror films from the Spanish-speaking world that rather than explicitly referencing recent political violence speak to the societal conditions and everyday normative violence that serve as preconditions for political violence. This study deconstructs intersectional processes of racially and sexually normative subject formation and its oppositional other, ghostly erasure, that are framed by a common temporal logic wherein full citizenship is contingent upon a nation's dominant notions of contemporaneity and whether individuals properly inhabit prescriptive timelines of reproductivity. St Georges's study explores ways in which ghosts and families are

manipulated in each national imaginary as a strategy for negotiating volatility within symbolic order a tactic that can either naturalize or challenge normative discourses As a literary and cinematic trope ghosts are particularly useful vehicles for the exploration of national imaginaries and the dominant or competing cultural attitudes towards a country s history and thus the articulation of a present political reality The rhetorical figure of the family is also key in this process as a mechanism for expressing national allegories for expressing generational anxieties about a nation s relationship to time and for organizing societies and social subjects as such interpellating them into or excluding them from national imaginaries By proposing these specific coordinates ghosts and families and by mapping their relationship between Spain and Latin America Troubling Timelines proposes a study of a temporal framework that besides bridging the traditional area studies divide across the Atlantic creates a space for interdisciplinary inquiry while also responding to increasing demand for studies that focus on intersectionality
