Annual National Edition ... ,1909 The Making of NAFTA Maxwell A. Cameron,Brian W. Tomlin,2000 How exactly do countries negotiate major international agreements Until now reliably impartial accounts of how deals are made have been rare and usually describe only one side of a multiparty process Here Maxwell Cameron and Brian Tomlin provide the first full three country account of the negotiations surrounding the controversial North American Free Trade Agreement which went into effect on January 1 1994 Through extensive interviews with participants from all sides Cameron and Tomlin develop a detailed picture of the process by which the United States Mexico and Canada pursued closer economic relations and of the political realities that influenced the politicians and policymakers in each country Written in an engaging and accessible style The Making of NAFTA is a faithful account built on insider views of how the representatives of the three countries prepared for negotiated and implemented the agreement Cameron and Tomlin show how NAFTA was influenced by the personalities

and the multiple sometimes conflicting objectives of the individuals involved They also explore what the negotiations can reveal more generally about the making of public policy and the importance of international negotiations Mexico ,1995
