## **Libre Futura** Gabriel

GARIBAY,2014-05 Libre Futura compiles the complete poetry of Gabriel Garibay from 1982 to 2008 Garibay s poetry discovers a kind of forgotten ancestral meaning of words and their magical rebirth Love is power rebellion sex eroticism death What does love really mean What is the meaning of life

## **Human Birth** Wenda R. Trevathan,2017-07-05 The story of human evolution has been told hundreds of times each time with a focus that seems most informative of the teller No matter how it is told the primary characters are rarely mothers and infants Darwin argued survival but today we know that reproduction is what evolution is all about Centering on this Trevathan focuses on birth which gives the study of human evolution a crucial new dimension Unique among mammals humans are bipedal The evolution of bipedalism required fundamental changes in the pelvis and resulted in a narrow birth canal Humans are also large brained animals which means

that birth is much more challenging for our species than for most other animals. The result of this mismatch of large head and narrow pelvis is that women are highly dependent on assistance at birth and their babies are born in an unusually undeveloped state when the brain is still small. *Human Birth* discusses how the birth process has evolved and ways in which human birth differs from birth in all other mammals. *Human Birth* is also concerned with mother infant interaction immediately after birth. While working as a midwife trainee, Trevathan carefully documented the births of more than one hundred women and recorded maternal and infant behaviors during the first hour after birth. She suggests ways in which the interactions served not only to enhance mother infant bonding but also to ensure survival in the evolutionary past. With clarity and compelling logic, Trevathan argues that modern birth practices often fail to meet evolved needs of women and infants and suggests changes that could lead to better birth experiences. This paperback edition includes a new introduction by the author.

**Lamentos de La Conciencia de Una Existencia Errada** Orlando E. C. Rcamo, Orlando E.

Cárcamo, 2011-12. Sin contratiempos diremos de este autor que naci en el tiempo y en el espacio de este siglo para escribir este poemario libro como dir a Gabriel García Márquez donde el escritor vacio todas sus tripas y en efecto donde literalmente derramo sus entrañas. Escrito en un lenguaje sencillo pero muchas veces audaz. Sus poemas est n escritos con un ritmo l rico vivas y sinf nico pues hay momentos como que el lector se halla frente al amor de su vida bajo una pieza musical como en el poema Una conversaci n con el mar La mirada de un amor infinito Tardes y ma anas Tristes o Amor en las Alturas donde nos traslada con un idealismo casi medieval y de una manera dram ticamente magistral. Sin duda alguna que estos poemas est n escritos con un romanticismo a la altura de Neruda. Orlando Cárcamo es un escritor que es imposible compararlo con ninguno ni con cualquiera as como sus poemas son simple y sencillamentenicos. Nada mejor dicho que con sus propias palabras hoy ha sido parido un nuevo poeta en el mundo y mientras t lo leas y lo critiques sus palabras jam s caer n a tierra.

Autocritica

[Transnational Chicanx Perspectives on Ana Castillo](#) Bernadine Hernández, Karen Roybal, 2021-06-15. For more than forty years Chicana author Ana Castillo has produced novels, poems and critical essays that forge connections between generations, challenge borders around race, gender and sexuality, and critically engage transnational issues of space, identity and belonging. Her contributions to Latinx cultural production and to Chicana feminist thought have transcended and contributed to feminist praxis, ethnic literature and border studies throughout the Americas. *Transnational Chicanx Perspectives on Ana Castillo* is the first edited collection that focuses on Castillo's oeuvre, which directly confronts what happens in response to cultural displacement, mixing and border crossing. Divided into five sections, this collection thinks about Castillo's poetics, language and form, as well as thematic issues such as borders, immigration, gender, sexuality and transnational feminism. From her first political poetry, *Otro Canto*, published in 1977, to her mainstream novels such as *The Mixquiahuala Letters*, *So Far From God* and *The Guardians*, this collection aims to unravel how Castillo's writing impacts people of color around the globe and works in solidarity with other third world feminisms.
