Cesar Vallejo's *The Complete Posthumous Poetry* as follows. This is the first National Book Award to be given to a translation of modern poetry; it is a recognition of Clayton Eshleman's seventeen-year apprenticeship to perhaps the most difficult poetry in the Spanish language. Eshleman and his present collaborator Jose Rubia Barcia have not only rendered these complex poems into brilliant and living English but have also established a definitive Spanish text based on Vallejo's densely rewritten manuscripts. In recreating this modern master in English, they have also made a considerable addition to poetry in our language.

The Militant Song Movement in Latin America Pablo Vila, 2014-05-01. Latin America in the 1960s and 1970s underwent a profound and often violent process of social change. From the Cuban Revolution to the massive guerrilla movements in Argentina, Uruguay, Peru, Colombia, and most of Central America to the democratic socialist experiment of Allende in Chile to the increased popularity of socialist-oriented parties in Uruguay or para-socialist movements such as the Juventud Peronista in Argentina, the idea of social change was in the air. Although this topic has been explored from a political and social point of view, there is an aspect that has remained fairly unexplored: the cultural and especially musical dimension of this movement so vital in order to comprehend the extent of its emotional appeal has not been fully documented. Without an account of how music was pervasively used in the construction of the emotional components that always accompany political action, any explanation of what occurred in Latin America during that period will be always partial. This book is an initial attempt to overcome this deficit. In this collection of essays, we examine the history of the militant song movement in Chile, Uruguay, and Argentina at the peak of its popularity from the mid-1960s to the coup d'états in the mid-1970s, considering their different political stances and musical departments. Throughout the book, the contribution of the most important musicians of the movement—Violeta Parra, Víctor Jara, Patricio Manns, Quilapayún, Inti-Illimani, etc. in Chile; Daniel Viglietti, Alfredo Zitarrosa, Los Olimareños, etc. in Uruguay; Atahualpa Yupanqui, Horacio Guarany, Mercedes Sosa, Marian Faras Gómez, Armando Tejada Gómez, César Isella, Víctor Heredia, Los Trovadores, etc. in Argentina—are highlighted, and some of the most important conceptual extended oeuvres of the period called cantatas are analyzed, such as *La Cantata Popular Santa María de Iquique* in the Chilean case and *Montoneros* in the Argentine case. The contributors to the collection deal with the complex relationship that the aesthetic of the movement established between the political content of the lyrics and the musical and performative aspects of the most popular songs of the period.

Las Raras Sarah Moody, 2024-05-30. Premio al Mejor Libro. Latin American Studies Association Nineteenth Century Section 2025. *Las Raras* proposes that the Modernistas' advocacy for a writing style they considered feminine helps us to understand why so few and perhaps no women were accepted as active participants in Modernismo. Author Sarah Moody studies how particular writers contributed to the idea of a feminine aesthetic and tracks the intellectual networks of Modernismo through periodicals and personal papers such as albums and correspondence. Buenos Aires, Paris, and Montevideo figure prominently in this transatlantic study, which reexamines some of the most important period writers in Spanish, including Rubén Darío, Amado Nervo, and Enrique Gómez Carrillo. This book also

considers the critiques launched by women writers such as Aurora Ceres Clorinda Matto de Turner and María Eugenia Vaz Ferreira who experienced Modernista exclusion firsthand deconstructed the Modernista discourse of a modern feminine style and built literary success in alternative terms These writers reoriented the discussion about women in modernity to address women's education professionalization and advocacy for social and civic improvements In this study Modernismo emerges as both a literary style and an intellectual network in which style and sociability are mutually determining and combine to form a system of prestige and validation that excluded women writers El último Boabdil: o, Amor y religión A.
