## **Miami Memoirs John Sewell A New Pictorial Edition:**

**Miami Memoirs - John Sewell** John W. Sewell, 1987-08 *African American Sites in Florida* Kevin M McCarthy, 2019-07-24 African Americans have risen from the slave plantations of nineteenth century Florida to become the heads of corporations and members of Congress in the twenty first century They have played an important role in making Florida the successful state it is today This book takes you on a tour through the 67 counties of the sites that commemorate the role of African Americans in Florida s history If we can learn more about our past both the good and the not so good we can make better decisions in the future Behind the hundreds of sites in this book are the courageous African Americans like Brevard County s Malissa Moore who hosted many Saturday night dinners to raise money to build a church and Miami Dade s Gedar Walker who built the first rate Lyric Theater for black performers And of course also featured are the more famous black Floridians like Zora Neale Hurston Jackie Robinson Mary McCleod Bethune and Ray Charles **Working in the Magic City** Thomas A. Castillo, 2022-06-28 In the early twentieth century Miami cultivated an image of itself as a destination for leisure and sunshine free from labor strife Thomas A Castillo unpacks this idea of class harmony and the language that articulated its presence by delving into the conflicts repression and progressive grassroots politics of the time Castillo pays particular attention to how class and race relations reflected and reinforced the nature of power in Miami Class harmony argued against the existence of labor conflict but in reality obscured how workers struggled within the city s service oriented seasonal economy Castillo shows how and why such an ideal thrived in Miami s atmosphere of growth and boosterism and amidst the political economy of tourism His analysis also presents class harmony as a theoretical framework that broadens our definitions of class conflict and class consciousness **Digging Miami** Robert S Carr, 2012-09-30 Unearthing the rich 11 000 year human heritage of the Miami area The pace of change of Miami since its incorporation in 1896 is staggering The seaside land that once was home to several thousand Tequesta is now congested with roads and millions of people while skyscrapers and artificial lights dominate the landscape Ironically Miami s development both continually erases monuments and traces of Indigenous people and historic pioneers yet also leads to the discovery of archaeological treasures that have lain undiscovered for centuries In Digging Miami Robert Carr traces the rich 11 000 year human heritage of the Miami area from the time of its first inhabitants through the arrival of European settlers and up to the early twentieth century Carr was Dade County s first archaeologist later historic preservation director and held the position at a time when redevelopment efforts unearthed dozens of impressive archaeological sites including the Cutler Site discovered in 1985 and the Miami Circle found in 1998 Digging Miami presents a unique anatomy of this fascinating city dispelling the myth that its history is merely a century old This comprehensive synthesis of South Florida s archaeological record will astonish readers with the depth of information available throughout an area barely above sea level Likewise many will be surprised to learn that modern builders before beginning construction must first look for signs of ancient peoples lives and this search has led to the

discovery of over one hundred sites within the county in recent years In the end we are left with the realization that Miami is more than the dream of entrepreneurs to create a tourist mecca built on top of dredged rock and sand it is a fascinating vibrant spot that has drawn humans to its shores for unimaginable years Publication of the paperback edition made possible by a Sustaining the Humanities through the American Rescue Plan grant from the National Endowment for the Humanities

**Journalism and Jim Crow** Kathy Roberts Forde, Sid Bedingfield, 2021-12-14 Winner of the American Historical Association's 2022 Eugenia M. Palmegiano Prize White publishers and editors used their newspapers to build and nurture and protect white supremacy across the South in the decades after the Civil War At the same time a vibrant Black press fought to disrupt these efforts and force the United States to live up to its democratic ideals *Journalism and Jim Crow* centers the press as a crucial political actor shaping the rise of the Jim Crow South The contributors explore the leading role of the white press in constructing an anti-democratic society by promoting and supporting not only lynching and convict labor but also coordinated campaigns of violence and fraud that disenfranchised Black voters They also examine the Black press's parallel fight for a multiracial democracy of equality, justice, and opportunity for all a losing battle with tragic consequences for the American experiment Original and revelatory *Journalism and Jim Crow* opens up new ways of thinking about the complicated relationship between journalism and power in American democracy Contributors Sid Bedingfield, Bryan Bowman, W. Fitzhugh Brundage, Kathy Roberts Forde, Robert Greene II, Kristin L. Gustafson, D. Weston Haywood, Blair LM Kelley, and Razvan Sibii

Key Biscayne Joan Gill Blank, 2016-11-09 Just south of Miami Beach lies the southernmost sand barrier island of the continental United States Key Biscayne Long the symbol of an idyllic barefoot island lifestyle this swirl of sand 5 miles long by 1 1/2 miles wide is the subject of this lucid history which begins 4,000 years ago and continues through its discovery by Ponce de Leon its use as a military and lighthouse reservation the Seminole Wars shipwreck salvaging and its present function as public parkland and residential and high rise condominium village On Cape Florida Key Biscayne's southern end the Cape Florida Lighthouse newly restored stands watch as it has for over 170 years Drawing from original documents including many letters and pictures saved by descendants of settlers and lighthouse keepers Key Biscayne offers a vivid portrait of this compelling Florida island

Connolly,2014-08-25 Connolly argues that Americans immigrants and even indigenous people between the 1890s and the 1960s made tremendous investments in racial apartheid largely in an effort to govern growing cities and to unleash the value of land as real estate Through a focus on South Florida the book illustrates how entrepreneurs used land and debates over property rights to negotiate the workings of Jim Crow segregation **Antiquarian Bookman** ,1950 **AB Bookman's Yearbook** ,1975 *American Book Publishing Record* ,1973
