Micah A New Translation With Introduction And Commentary:

Micah Francis I. Andersen, David Noel Freedman, 2000 Micah the Hebrew prophet unwaveringly spoke God's message to Israel His was a message filled with judgment but also laced with the promise of redemption Micah combines poetic complexity and literary sophistication to compel his audience to respond And now through an exacting linguistic and literary analysis of the biblical text coauthors Francis I Andersen and David Noel Freedman explain what Micah meant to his contemporaries as well as what his message means to readers today *Micah* Bob Becking, 2023-06-27 A new translation and commentary on the biblical book of Micah that proposes a convincing new theory of its composition history While the biblical book of Micah is most famous for its images of peace swords forged into to plowshares spears turned into pruning hooks and its passages of prophetic hope the book is largely composed of prophecies of ruin The historical Micah who likely lived in the late eighth century BCE is the first recorded prophet to predict the fateful fall of Jerusalem and he also foretells the destruction of the regions of Samaria and Judah in addition to the more well known promises of Judah's eventual restoration Bob Becking translates the Hebrew text anew and illuminates the book's most important elements including its literary features political context and composition history Drawing on ancient Near Eastern comparative evidence archaeological notes and inscriptions Becking surveys the debates surrounding the book's interpretation and argues that it be regarded as three separate source texts the early first chapter a large middle section containing a proto apocalyptic alternating prophetic futurology collected and molded by a later redactor and an added section advocating for legal reform under Josiah **A Chorus of Prophetic Voices** Mark McEntire, 2015-08-24 While there are many textbooks about the prophetic literature most have taken either a historical or literary approach to studying the prophets A Chorus of Prophetic Voices by contrast draws on both historical and literary approaches by paying careful attention to the prophets as narrative characters It considers each unique prophetic voice in the canon in its fully developed literary form while also listening to what these voices say together about a particular experience in Israel's story It presents these four scrolls Isaiah Jeremiah Ezekiel and the Book of the Twelve as works produced in the aftermath of destruction works that employ prophetic characters and as the words uttered during the crises The prophetic literature became for Israel living in a context of dispersion and imperial domination a portable and adaptable resource at once both challenging and comforting This book provides the fullest picture available for introducing students to the prophetic literature by valuing the role of the original prophetic characters the finished state of the books that bear their names the separate historical crises in the life of Israel they address and the chorus of prophetic voices one hears when reading them as part of a coherent literary corpus **Paul and the Restoration of Humanity in Light of Ancient Jewish Traditions** Aaron Sherwood, 2012-10-12 In Paul and The Restoration of Humanity in Light of Ancient Jewish Traditions Aaron Sherwood questions the assumption of universalism in Pauline thought and finds instead that relevant Pauline traditions depict a partly restricted and particularly Israelite

restoration of humanity This important Jewish component of Paul's thought remains largely unrecognized but Pauline and other ancient Jewish traditions consistently present Israel and non Israelites uniting in their worship of Yhwh as the restoration of both Israel and humanity Aaron Sherwood demonstrates in Pauline traditions the same deployment of Israel nations unification as in biblical and post biblical traditions This suggests that rather than secondarily finding space for Gentile justification the restoration of humanity plays a generative role in Paul's theology mission and apostolic self identity
