The Resisting Muse Ian Peddie,2006 This volume examines the various ways popular music has been deployed as anti establishment and how such opposition both influences and responds to the music produced The book's contemporary focus largely post 1975 allows for comprehensive coverage of extremely diverse forms of popular music in relation to the creation of communities of protest The Resisting Muse examines how the forms and aims of social protest music are contingent upon the audience's ability to invest the music with the appropriate political meaning

The Resisting Muse: Popular Music and Social Protest Ian Peddie,2017-09-29 Popular music has traditionally served as a rallying point for voices of opposition across a huge variety of genres This volume examines the various ways popular music has been deployed as anti establishment and how such opposition both influences and responds to the music produced Implicit in the notion of resistance is a broad adversarial hegemony against which opposition is measured But it would be wrong to regard the music of popular protest as a kind of dialogue in league against the establishment Convenient though they are such us and them

arguments bespeak a rather shop worn stance redolent of youthful rebellion It is much more fruitful to perceive the relationship as a complex dialectic where musical protest is as fluid as the audiences to which it appeals and the hegemonic structures it opposes The book s contemporary focus largely post 1975 allows for comprehensive coverage of extremely diverse forms of popular music in relation to the creation of communities of protest Because such communities are fragmented and diverse the shared experience and identity popular music purports is dependent upon an audience collectivity that is now difficult to presume In this respect The Resisting Muse examines how the forms and aims of social protest music are contingent upon the audience s ability to invest the music with the appropriate political meaning Amongst a plethora of artists genres and themes highlights include discussions of Aboriginal rights and music Bauhaus Black Sabbath Billy Bragg Bono Cassette culture The Capitol Steps Class The Cure DJ Spooky Drum and Bass Eminem Farm Aid Foxy Brown Folk Goldie Gothicism Woody Guthrie Heavy Metal Hip hop Independent home publishing Iron Maiden Joy Division Jungle Led Zeppelin Lil Kim Live Aid Marilyn Manson Bob Marley MC Eiht Minor Threat Motown Queen Latifah Race Rap Rastafarianism Reggae The Roots Diana Ross Rush Salt n Pepa 7 Seconds Roxanne Shant Siouxsie and the Banshees The Sisters of Mercy Michelle Shocked Bessie Smith Straight edge Sunrize Band Bunny Wailer Wilco Bart Willoughby Wirrinya Band Zines

Art Now Gallery Guide ,2003-05 **Descant** ,2006 **Best** Micah Lexier,2004 *Sound Art Revisited* Alan Licht,2019-08-22 The first edition of Sound Art Revisited published as Sound Art Beyond Music Between Categories served as a groundbreaking work toward defining this emerging field and this fully updated volume significantly expands the story to include current research since the book s initial release Viewed through a lens of music and art histories rather than philosophical theory it covers dozens of artists and works not found in any other book on the subject Locating sound art s roots across the centuries from spatialized church music to the technological developments of radio sound recording and the telephone the book traces the evolution of sound installations and sound sculpture the rise of sound art exhibitions and galleries and finally looks at the critical cross pollination that marks some of the most important and challenging art with and about sound being produced today *Micah Lexier* Micah Lexier,Kim Fullerton,Gallery TPW.,Toronto Photographers Workshop,1997

The Ashgate Research Companion to Experimental Music James Saunders,2017-02-03 The recent resurgence of experimental music has given rise to a more divergent range of practices than has previously been the case The Ashgate Research Companion to Experimental Music reflects these recent developments by providing examples of current thinking and presenting detailed case studies that document the work of contemporary figures The book examines fourteen current practitioners by interrogating their artistic practices through annotated interviews contextualized by nine authored chapters which explore central issues that emerge from and inform these discussions Whilst focusing on composition the book also encompasses related aspects of performance improvisation and sonic art The interviews all explore how the selected artists work focusing on the processes involved in developing their recent projects set against more general

aesthetic concerns They aim to shed light on the disparate nature of current work whilst seeking to find possible points of contact Many of the practitioners are active in areas that span disciplines such as composition and improvisation and the book explores the interaction of these activities in the context of their work The other chapters consider a range of issues pertinent to recent developments in the genre including definitions of experimentalism and its relationship with a broader avant garde experimentalism and cultural change notation and its effect on composition realising open scores issues of notation and interpretation in live electronic music performing experimental music improvisation and technology improvisation and social meaning instrumentalizing objects visual artists relationships to experimental music working across interdisciplinary boundaries listening and the soundscape working methods techniques and aesthetics of recent experimental music *Micah Lexier* Micah Lexier, Robert Fones, Mercer Union (Gallery), 1989

Sounding Out the State of Indonesian Music Andrew McGraw, Christopher J. Miller, 2022-10-15 *Sounding Out the State of Indonesian Music* showcases the breadth and complexity of the music of Indonesia. By bringing together chapters on the merging of Batak musical preferences and popular music aesthetics, the vernacular cosmopolitanism of a Balinese rock band, the burgeoning underground noise scene, the growing interest in kroncong in the United States and what is included and excluded on Indonesian media, editors Andrew McGraw and Christopher J. Miller expand the scope of Indonesian music studies. Essays analyzing the perception of decline among gamelan musicians in Central Java, changes in performing arts patronage in Bali, how gamelan communities form between Bali and North America, and reflecting on the refusion of American mathcore and Balinese gamelan offer new perspectives on more familiar topics. *Sounding Out the State of Indonesian Music* calls for a new paradigm in popular music studies, grapples with the imperative to decolonialize and recognizes the field's grounding in diverse forms of practice **Bibliographie du Québec**, 1998 Liste des publications québécoises ou relatives au Québec établie par la Bibliothèque nationale du Québec
