Voleurs de gendarme, 1907      *Real Likenesses* Michael Morris, 2020-05-07 *Real Likenesses* presents a radical new approach to artistic representation At its heart is a serious reconsideration of the relationship between medium and content in representational art which counters currently dominant theories that make attention to the former inevitably a distraction from attending to the latter Through close analysis of paintings photographs and novels Michael Morris proposes a new understanding of the real likenesses we encounter in representational art what they are how they are made present to us and how they are created The result is an intuitive way of thinking about how these art forms work      **Michael Morris** Michael Morris, 1980      **Michael Morris** Michael Morris, Québec (Province).
