Michael Tippett explores Tippett's intentions and argues that the experiences that triggered his creative impulses are integral to understanding his music. In his discussion of Tippett's creative process Thomas Schuttenhelm attempts to recapture the circumstances under which Tippett's orchestral works were created to document how his visionary aspirations were developed and sustained throughout the creative cycle and to chart how conception was transmuted from idea through to performance. Operas of Michael Tippett Michael Tippett, 2018-01-01 Although it is impossible to trace any one particular theme running through the operas of Michael Tippett the libretti of his four operas are fascinating to compare. The dense allusions of *The Midsummer Marriage* 1955 here annotated gave way to the classical formality of *King Priam* 1962 the psychoanalytical preoccupations of *The Knot Garden* 1970 hardly foreshadow the contemporary political commentary of *The Ice Break* 1977. Each work breaks new ground and provokes unexpected responses. The libretti offer unique introductions to the music and throw a searching light on the direction of British theatre since 1945.

Michael Tippett Suzanne Robinson, 2017 This title was first published in 2002. One of the great composers of the 20th century Michael Tippett found inspiration for his music amongst literary works that spanned all ages and many nations. His numerous settings of poetry his several large works for voice and orchestra and the five operas that he wrote testify to his impressive command of literary history. The texts of these works are densely allusive self consciously interweaving quotations and half quotations. The essays that make up this volume are specially commissioned interpretations of the relationships between music and literature that permeate and characterize Tippett's music and his writings. Indeed the first chapter in the volume is Tippett's own essay *The Relation of*

Autobiographical Experience to the Created Work of Art which guides the reader through his literary loves This is followed by essays from an international group of contributors who examine such topics as Tippett s main literary writings and the insights these offer into his other creative work the development of Tippett s musical borrowings an analysis of the intertextuality of the texts of A Child of our Time and King Priam the conjoining of words and music in War Requiem and music s ultimate transcendence of words in Tippett s vocal compositions Other facets of Tippett s career which are explored include the composer s persistent courtship of the BBC and his time as Director of Music at Morley College The volume concludes with an investigation of the reception of Tippett s music in Germany Provided by publisher
