It contains up to the minute treatments of all genres of children's literature. To help readers discover the joy of children's literature and how to help others share that joy is a major goal of the book. The emphasis is on the affective dimensions of literature geared toward children's aesthetic responses to the stories and poems that they read. Author profiles, a multicultural focus, topical book lists, and a chapter on technology are elements that help students. Each chapter has an essay written by a scholar, a classroom teacher, or other expert, e.g., a middle school student or book editor who has special knowledge, a particular perspective, or point of view on the chapter topic.
