reductive critical narratives sharing the motivations underlying their struggles to create in a white dominated art world

Alma Thomas, Phantasmagoria Alma Thomas, 2001 **Abstract Bodies** David J. Getsy, 2015-11-03 Original and theoretically astute *Abstract Bodies* is the first book to apply the interdisciplinary field of transgender studies to the discipline of art history. It recasts debates around abstraction and figuration in 1960s art through a discussion of gender's mutability and multiplicity. In that decade sculpture purged representation and figuration but continued to explore the human as an implicit reference. Even as the statue and the figure were left behind, artists and critics asked how the human and particularly gender and sexuality related to abstract sculptural objects that refused the human form. This book examines abstract sculpture in the 1960s that came to propose unconventional and open accounts of bodies, persons, and genders. Drawing on transgender and queer theory, David J. Getsy offers innovative and archivally rich new interpretations of artworks by and critical writing about four major artists: Dan Flavin (1933-1996), Nancy Grossman (b. 1940), John Chamberlain (1927-2011), and David Smith (1906-1965). *Abstract Bodies* makes a case for abstraction as a resource in reconsidering gender's multiple capacities and offers an ambitious contribution to this burgeoning interdisciplinary field.

Procession David Acton, Norman Lewis, 2015-11-13 This beautifully illustrated catalogue accompanies the first major museum retrospective of the painter Norman Lewis (1909-1979). Lewis was the sole African American artist of his generation who became committed to issues of abstraction at the start of his career and continued to explore them over its entire trajectory. His art derived inspiration from music, jazz, and classical and nature, seasonal change, plant forms, the sea. Also central to his work were the dramatic confrontations of the civil rights movement in which he was an active participant among the New York art scene. Bridging the Harlem Renaissance, Abstract Expressionism, and beyond, Lewis is a crucial figure in American abstraction whose reinsertion into the discourse further opens the field for recognition of the contributions of artists of color. Bringing much needed attention to Lewis's output and significance in the history of American art, *Procession* is a milestone in Lewis scholarship and a vital resource for future study of the artist and abstraction in his period. Published in association with Pennsylvania Academy of the Fine Arts, Philadelphia. Exhibition dates: Pennsylvania Academy of the Fine Arts, Philadelphia, November 13, 2015-April 3, 2016; Amon Carter Museum of American Art, Fort Worth, June 4-August 21, 2016; Chicago Cultural Center, September 17, 2016-January 8, 2017.

The International Review of African American Art, 2003 **Martin Puryear** John Elderfield, 2007 Over the last 30 years Martin Puryear has created a body of work that defies categorization, creating sculpture that looks at identity, culture, history. This book accompanies an exhibition at The Museum of Modern Art that follows Puryear's development from his first solo show to works being presented for the first time.
