Michel Butor:

Mobile Michel Butor, 2004 Considered by many to be his greatest book Michel Butor's *Mobile* is the result of the six months the author spent traveling across America The text is composed from a wide range of materials including city names road signs advertising slogans catalog listings newspaper accounts of the 1893 World's Fair Native American writings and the history of the Freedomland theme park Butor weaves bits and pieces from these diverse sources into a collage resembling an abstract painting the book is dedicated to Jackson Pollock or a patchwork quilt that by turns is both humorous and quite disturbing This travelogue captures in both a textual and visual way the energy and contradictions of American life and history
