Regional Development of the American Bildungsroman, 1900-1960 Tamlyn Avery, 2022-12-06 Why did the Bildungsroman defined as the novel of development and its protagonist Youth become the symbolic form of the U S s cultural preoccupation with regional difference amidst the nation s rapid but uneven development c 1900 1960 As a genre that historically represented the young individual s development in national historical time the Bildungsroman became one crucial means of configuring the culturally politically and economically asymmetrical effects of national modernization and the U S s political ascendance within the capitalist world system Responding to that predicament the novel of uneven development rose to salience led by its protagonist the unfixed youth whose development within the national historical time of Americanization is unsettled by their preoccupation with regional difference an immobilizing entanglement I call American literature s regional complex This book maps four prominent variations across the Midwest Northeast South and Southwest that responded to that uneven development fragmenting and ultimately denying the Bildungsroman s consolidation into a coherent nationalist form

Manifest destiny's path Louis J. Wortham, 1924      The People And the Word Robert Allen Warrior, Much literary scholarship has been devoted to the flowering of Native American fiction and poetry in the mid twentieth century Yet Robert Warrior argues nonfiction has been the primary form used by American Indians in developing a relationship with the written word one that reaches back much further in Native history and culture Focusing on autobiographical writings and critical essays as well as communally authored and political documents The People and the Word explores how the Native tradition of nonfiction has both encompassed and dissected Native experiences Warrior begins by tracing a history of American Indian writing from the eighteenth century to the late twentieth century then considers four particular moments Pequot intellectual William Apess s autobiographical writings from the 1820s and 1830s the Osage Constitution of 1881 narratives from American Indian student experiences including accounts of boarding school in the late 1880s and modern Kiowa writer N Scott Momaday s essay The Man Made of Words penned during the politically charged 1970s Warrior s discussion of Apess s work looks unflinchingly at his unconventional life and death he recognizes resistance to assimilation in the products of the student print shop at the Santee Normal Training School and in the Osage Constitution

as well as in Momaday's writing Warrior sees reflections of their turbulent times as well as guidance for our own Taking a cue from Momaday's essay which gives voice to an imaginary female ancestor Ko Sahn Warrior applies both critical skills and literary imagination to the texts In doing so The People and the Word provides a rich foundation for Native intellectuals critical work deeply entwined with their unique experiences Robert Warrior is professor of English and Native American studies at the University of Oklahoma He is author of Tribal Secrets Recovering American Indian Intellectual Traditions Minnesota 1994 and coauthor with Paul Chaat Smith of Like a Hurricane The Indian Movement from Alcatraz to Wounded Knee *Kansas History*, 2018 **Laura Ingalls Wilder** Amy Sickels, 2007 When Laura Ingalls Wilder decided to write about her childhood on the American frontier she had no idea that her books would become staples of children's literature
