## Oss In China:

*OSS in China* Maochun Yu,2011-11-15 Maochun Yu tells the story of the intelligence activities of the Office of Strategic Services OSS in China during World War II Drawing on recently released classified materials from the U S National Archives and on previously unopened Chinese documents Yu reveals the immense and complex challenges the agency and its director General William Donovan confronted in China This book is the first research based history and analysis of America s wartime intelligence and special operations activities in the China Burma and India during WWII It presents a complex and compelling story of conflicting objectives and personalities inter service rivalries and crowning achievements of America s military intelligence and political endeavors the significance of which goes far beyond WWII and China

**OSS in China**  
Maochun Yu,1996     *Office of Strategic Services Special Operations in China* Francis B. Mills,John W. Brunner,2002 True stories of the OSS teams operating in China during WWII told by the men who were there     *American Intelligence*

Maochun Yu,1994     **OSS Training in the National Parks and Service Abroad in World War II** John Whiteclay Chambers (II),2008 This study does not simply explore the training camps of Wild Bill Donovan s organization in the two National Parks It also assesses the effectiveness of the training OSS agents received and how they utilized it in their dangerous and often heroic exploits overseas It explores the legacies of the OSS upon the parks themselves upon the veterans and upon the organization heirs of the OSS     *OSS/State Department intelligence and research reports* Paul Kesaris,1977

Studies in Intelligence ,2018     *Mission to Mao* Sara B. Castro,2024 In the midst of World War II the United States sent a liaison mission to the headquarters of Chinese Communist forces behind the lines in Yan an China Nicknamed the Dixie Mission for its location in rebel territory it was an interagency delegation that included intelligence officers from the Office of Strategic Services OSS The intelligence officers were there to gather intelligence that would help the war effort against Japan but interagency and political conflicts erupted over whether or not the mission would expand beyond intelligence collection to operations with the Communists Mission to Mao is a social history of the OSS officers in the field and their clash with political appointees and Washington over the direction of the US relationship with the Chinese Communists The book reveals the attempts of America s inexperienced intelligence officers to improvise operations and to try to define a role for themselves The book takes us beyond the history of China hands versus American anticommunists who backed Chinese Nationalist Chiang Kai shek introducing more nuance Sara B Castro shows how potential benefits for the war effort were thwarted by politicization but she also shows how the OSS officers overreached their authority and suffered from their own biases and blindspots The book draws upon over 14 000 unpublished records from five archives plus numerous published white papers memoirs and scholarly studies to with a focus on the individual American intelligence officers who spent time in Yan an working with Communist leaders     Why Viet Nam? Archimedes L. A. Patti,1980-01-01     **Mission to Yenan**

Carolle J. Carter,2021-05-11 A deep dive into the Dixie Mission Aficionados of American political and diplomatic history may

be pleasantly surprised at the riches in this book American Historical Review Conventional wisdom informs us that only Nixon could go to China In fact in 1944 nearly thirty years before his historic trip the American military established the first liaison and intelligence gathering mission with the Chinese Communists in Yenan Commonly referred to as the Dixie Mission the detached military unit sent to Yenan was responsible for transmitting weather information assisting the Communists in their rescue of downed American flyers and laying the groundwork for an eventual rapprochement between the Communists and Nationalists the two sides struggling in the ongoing Chinese Civil War Following extensive use of archival sources and numerous interviews with the men who traveled and served in Yenan Carolle Carter argues that while Dixie fulfilled its assignment the members steered the mission in different directions from its original albeit loosely described intent As the months and years passed the Dixie Mission increasingly emphasized intelligence gathering over evaluating their Communist hosts contribution to the war effort against Japan Some American politicians in the 1950s portrayed the participants in the Dixie Mission as too sympathetic to the Chinese Communists But during the 1970s many looked back at these individuals as wise but ignored oracles who could have prevented the loss of China Carter strips away these simplistic portrayals to reveal a diverse and dedicated collection of soldiers diplomats and technicians who had ongoing contact with the Chinese Communists longer than any other group during World War II but who were destined to be a largely unused resource during the Cold War At the Dragon's Gate Charles Fenn,2013-10-15 In the early days of World War II a young Marine named Charles Fenn was recruited by the Office of Strategic Services OSS for undercover operations in the China Burma India theatre Fenn knew exactly what it took to get the job done His wartime exploits are the stuff of legend but not even his OSS compatriots knew the full extent of his espionage activities Fenn's skill as a spy is matched by his talent as a storyteller and this witty elegantly written account of his OSS days not only adds to the historical record it makes for a compelling read

**Vietnam** John Prados,2009 The first major synthesis of the war since 2001 drawing upon a host of newly declassified documents presidential tapes and overlooked foreign sources to give the most comprehensive look to date of the war that still haunts America Shots in the Dark Jadwiga Biskupska,Sara B. Castro,2025-09-02 Brings together geographies and methodologies often kept apart by the difficulties of researching such a broad ranging topic as the war Shots in the Dark offers cutting edge scholarship across different subfields in World War II history revealing new insights into how this crucial conflict was planned experienced and fought Twelve chapters demonstrate the broad scope of wartime innovation and how the war functioned as a global turning point driving change at all levels of human society from government institutions to individual identities Contributors collaborated in a vibrant workshops series sponsored by the North American branch of the Second World War Research Group SWWRGNA an organization that emerged to nurture scholarship on the global war and unite scholars fragmented in narrower regional and methodological stovepipes to consider the war as a whole The SWWRGNA and this volume showcase the work of diverse historians across subfields operational cultural gender social

intelligence and diplomatic history This approach exposes the Second World War as a catalyst for overlapping global changes that revolutionized the world after 1945 These scholars reveal continuities and parallels in wartime experiences that would remain invisible in narrowly focused projects The volume establishes three frameworks for understanding and interpreting changes the war provoked 1 institutional adaptation 2 totalization or the militarization of civilians and 3 cultural transformation Each of the three frameworks is explored from four vantage points Geographies are deliberately contrasted within each framework to examine the broad scope of that level of war driven change     *America's First Intelligence Agency* ,     China's Millions ,1888     *Office of Strategic Services 1942-45* Eugene Liptak,2009-08-18 Osprey s elite series title for the origins of the CIA during World War II 1939 1945 The Office of Strategic Services the forerunner of the Central Intelligence Agency was founded in 1942 by William Wild Bill Donovan under the direction of President Roosevelt who realized the need to improve intelligence during wartime A rigorous recruitment process enlisted agents from both the armed services and civilians to produce operational groups specializing in different foreign areas including Italy Norway Yugoslavia and China At its peak in 1944 the number of men and women working in the service totaled nearly 13 500 This intriguing story of the origins and development of the American espionage forces covers all of the different departments involved with a particular emphasis on the courageous teams operating in the field The volume is illustrated with many photographs including images from the film director John Ford who led the OSS Photographic Unit and parachuted into Burma in 1943     Revised List of Claims filed with the Department of State growing out of the Acts committed by the several Vessels, which have given Rise to the Claims generically known as the Alabama Claims ,1872     **Foreign Service Journal** ,1998     **The Annual Index to The Times** ,1911     *Victorian Yearbook* ,1879
