**Oswald Spengler**

## **Oswald Spengler:**

**The decline of the West** Oswald Spengler, 1918 Since its first publication in two volumes between 1918 and 1923 *The Decline of the West* has ranked as one of the most widely read and most talked about books of our time. In all its various editions it has sold nearly 100,000 copies. A twentieth-century Cassandra, Oswald Spengler thoroughly probed the origin and fate of our civilization, and the result can be and has been read as a prophesy of the Nazi regime. His challenging views have led to harsh criticism over the years, but the knowledge and eloquence that went into his sweeping study of Western culture have kept *The Decline of the West* alive. As the face of Germany and Europe as a whole continues to change each day, *The Decline of the West* cannot be ignored. In this engrossing and highly controversial philosophy of history, Spengler describes how we have entered into a centuries-long world historical phase comparable to late antiquity. Guided by the philosophies of Goethe and Nietzsche, he rejects linear progression and instead presents a world view based on the cyclical rise and decline of civilizations. He argues that a culture blossoms from the soil of a definable landscape and dies when it has exhausted all of its possibilities. Despite Spengler's reputation today as an extreme pessimist, *The Decline of the West* remains essential reading for anyone interested in the history of civilization.

[Oswald Spengler and the Politics of Decline](#) Ben Lewis, 2022-07-08 Oswald Spengler was one of the most important thinkers of the Weimar Republic, but very little has been published on his politics, philosophy, and life, especially in the English language. *Oswald Spengler and the Politics of Decline* transforms the pre-existing picture of Spengler by demonstrating how Spengler's radical opposition to liberal democracy was an unwavering facet of his thought from 1918 onwards. It adopts a completely novel approach by placing a new emphasis on his political activities and writings and is unique in explaining the interplay between Spengler's meta-historical considerations on world history and the practical demands of Realpolitik throughout the complex discourse of German national renewal.

[The Decline of the West](#) Oswald Spengler, 1962 Corrigenda to volume I 2 leaves laid in v 1 Form and actuality v 2 Perspectives of world history

**Early Days of World History** Oswald Spengler, 2022-10-03 In *Early Days of World History*, Oswald Spengler paints a dramatic and highly informative vista of humanity's ancient past. Swarms of savage tribes clash with and finally conquer sophisticated civilisations; emperors replace kings and peasants revolt against their masters. From the scorching deserts of Kash to the frozen tundra of the eternal North, sceptres are passed and throne rooms razed while nations disappear and new tongues become dominant. The pirate castle of Troy besieged and burned, and the Magian culture welcoming a saviour with empire-consolidating powers. Spengler chronicles the rise and fall of pagan peoples before the advent of Christ constricted their destinies through modern universalism. From the wanderings of old folk souls across withered Bronze Age landscapes to the first clumsy stirrings of newly born peoples in the cradle of high cultures not yet mature, these posthumously published thoughts by one of the greatest philosophers of history the West has ever known present a vivid and detailed ride through a world far removed from but yet eerily familiar to us. In this perfect companion

piece to *The Decline of the West* we can see Spengler at his razor sharp analytical best tackling the issues affecting the world in its youth

**Oswald Spengler** H. Stuart Hughes, 1991-01-01 Since its publication in 1918 Oswald Spengler's *The Decline of the West* has been the object of academic controversy and opprobrium In their efforts to dispose of it scholars have resorted to a variety of tactics bitter invective icy scorn urbane mockery or simply pretending that the book is not there Yet generations of readers have refused to be warned off finding in Spengler a prophetic voice and a source of profound intellectual excitement H Stuart Hughes's Oswald Spengler offers a judicious and objective reading of Spengler's works that admirably fills the gap between hypercritical invective and naive enthusiasm This pioneering volume makes clear why Spengler's pessimistic reading of the fate of European civilization continues to resonate with contemporary anxieties Despite the author's self imposed intellectual and social isolation Spengler's work was as Hughes demonstrates a part of the enormous effort of intellectual reevaluation that has characterized the early twentieth century Viewing Spengler in the broadest possible perspective the author places his thought in its cultural relationship to that of such predecessors as Giambattista Vico Friedrich Nietzsche and Nikolai Danilevsky and contemporaries including Benedetto Croce Henri Bergson and Vilfredo Pareto A chapter of Hughes's book is devoted to Spengler's influence on later cyclical thinkers such as Arnold Toynbee and Pitirim Sorokin Another chapter clarifies the essentially antagonistic relationship between his thought and Nazi ideology Throughout Hughes is carefully attuned to the complex and often bewildering shifts of Spengler's ideas and manner providing a unified picture of the sober historian the lofty seer the cool detached observer and the impassioned participant In his introduction to this new edition Hughes comments on the timeliness of Spengler's message with respect to technology and environmental issues and draws some unexpected and fascinating parallels between Spengler's thought and that of Ludwig Wittgenstein Oswald Spengler offers an illuminating view of the achievements and limitations of one of the most influential and representative figures of the twentieth century It will be of concern to intellectual historians philosophers political scientists and sociologists

Letters of Oswald Spengler Oswald Spengler, 1966 *The Decline of the West: Form and actuality* Oswald Spengler, Charles Francis Atkinson, 1926 Contains Spengler's well known work on the history of and the rise and fall of various civilizations

**Man and Technics** Oswald Spengler, 2015-01-30 In this new and revised edition of Oswald Spengler's classic *Man and Technics* Spengler makes a number of predictions that today more than eighty years after the book was first published have turned out to be remarkably accurate Spengler predicted that industrialisation would lead to serious environmental problems and that countless species would become extinct He also predicted that labour from Third World countries would increasingly outcompete Western workers by doing the same work for much lower wages and that industrial production would therefore move to other parts of the world such as East Asia India and South America According to Spengler technology has not only made it possible for man to harness the forces of nature it has also alienated him from nature Modern technology now dominates our culture instead of that which is natural and organic After having made himself

the master of nature man has himself become technology's slave The victor crashed is dragged to death by the team Spengler summarises Finally Spengler foresaw that Western man would eventually grow weary of his increasingly artificial lifestyle and begin to hate the civilisation he himself created There is no way out of this conundrum as the unrelenting progress of technological development cannot be halted The current high tech culture of the West is therefore doomed destined to be consumed from within and destroyed A time will come Spengler writes when our giant cities and skyscrapers have fallen in ruins and lie forgotten just like the palaces of old Memphis and Babylon It remains to be seen if this last and most dire of Spengler's prophecies will also come true

The Hour of Decision Oswald Spengler, 2023-09 In The Hour of Decision Oswald Spengler portrays a brutally critical image of modern Western civilization According to Spengler the West is destined for decay and heading towards its demise poisoned by excessive rationalism a lack of functioning hierarchies and widespread alienation Spengler's observations are rooted in Germany during the interwar period a time characterized by political unrest and economic chaos It was clear to Spengler that the world following the imminent international showdown would hardly be recognizable He regarded our era as the most fateful and serious in human history a phase in which the destiny of peoples and nations would be determined The Hour of Decision Jahre der Entscheidung quickly became a commercial success when it was published in Germany in 1933 However it was later banned because Spengler criticized Nazi politics in various ways including a rejection of their racial biological foundations

Oswald Spengler Henry Stuart Hughes, 1983

**The Decline of the West** Oswald Spengler, 1962 This abridgment of Spengler's great classic prepared by the German scholar Helmut Werner with the blessing of the Spengler estate consists of selections from the original the complete authorized English translation by Charles Francis Atkinson linked by explanatory passages which have been translated by Arthur Helps from dust jacket

**Prophet of Decline** John Farrenkopf, 2001-06-01 Oswald Spengler 1880-1936 is best known for The Decline of the West in which he propounded his pathbreaking philosophy of world history and penetrating diagnosis of the crisis of modernity This monumental work launched a seminal attack on the idea of progress and supplanted the outmoded Eurocentric understanding of history His provocative pessimism seems to be confirmed in retrospect by the twentieth century horrors of economic depression totalitarianism genocide the dawn of the nuclear age and the emerging global environmental crisis In Prophet of Decline John Farrenkopf takes advantage of the historical perspective the end of the millennium provides to reassess this visionary thinker and his challenging ideas on world history and politics and modern civilization Farrenkopf's assessment ranges widely placing Spengler's philosophy in its intellectual historical context and covering Spengler's ideas on democracy capitalism science and technology cities Western art social change and human exploitation of the environment He also illuminates the implications of Spengler's thought for contemplating from a fresh perspective the future of the United States the leading power of the West Prophet of Decline is highly relevant today as many take the opportunity at the turn of the century to ponder again the direction in which humankind and our global

community are moving and approach with concern the uncertain future amid globalization hypercomplexity and accelerating change An interdisciplinary book about an interdisciplinary thinker it is a substantial contribution to the literature of historical philosophy political science international relations and German studies      **Oswald Spengler als Philosoph**

August Messer,2016-08-10 August Messer 1867 1937 war ein deutscher Philosoph Nachdruck des Originals von 1924

*Oswald Spengler, a Critical Estimate* H. Stuart Hughes,2003-01-01      *History and Prophecy* Klaus P. Fischer,1989 This book provides insight into the work of Oswald Spengler 1880 1936 one of the most prophetic minds of the 20th century whose dire historical predictions world wars ecological disasters gigantic cities with unrestrained urban sprawl increasing race conflicts failure of nerve among the ruling elites and rapid decline of cultural norms have more than passed the test of time Besides focusing on Spengler the prophet and the controversies which surrounded his name in the 1920s this book also emphasizes Spengler s pioneering role in the development of a comparative study of cultures based on biological principles

The Problem of World-History and the Destiny of Mankind Oswald Spengler,1987-08-01      Oswald Spengler's Geopolitical System and National Socialism Johann von Leers,2025-11-21 Johann von Leers Oswald Spengler s Geopolitical System and National Socialism 1934 is a sharp polemical critique of Oswald Spengler s philosophy of history and politics written from the standpoint of a committed National Socialist Leers sets out Spengler s major ideas historical determinism the cyclical rise and fall of civilizations the inevitability of decline and his concept of Caesarism and contrasts them sharply with the National Socialist worldview Leers repeatedly emphasizes that Spengler s determinism ignores the realities of race and biology which for National Socialists were central to history He argues that Spengler s pessimism elitism liberalism and hostility to the German working class amount to a disguised form of bourgeois counterrevolution favoring individualistic capitalism and imperialist Caesarism Oswald Spengler thus cannot be regarded as a thinker aligned with National Socialism but as a subversive rival philosopher within the liberal conservative camp      **Spengler im Dritten Reich** Oswald

Spengler,1934      **The Decline of the West, Vol. I - Scholar's Choice Edition** Oswald Spengler,2015-02-12 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      **Oswald Spengler. Selected Essays.**

**Translation and Introduction by Donald O. White** Oswald Spengler, Donald Owen WHITE, 1967

The Top Books of the Year Oswald Spengler The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have captivated audiences this year. Oswald Spengler : Colleen Hoovers "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Oswald Spengler : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Oswald Spengler : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
