Modern Italy Minou Schraven, 2017-07-05 Celebrated at the heart of a notoriously unstable period the Vacant See papal funerals in early modern Rome easily fell prey to ceremonial chaos and disorder Charged with maintaining decorum papal Masters of Ceremonies supervised all aspects of the funeral from the correct handling of the papal body to the construction of the funeral apparato the temporary decorations used during the funeral masses in St Peter s The visual and liturgical centre of this apparato was the chapelle ardente or castrum doloris a baldachin like structure standing over the body of the deceased decorated with coats of arms precious textiles and hundreds of burning candles Drawing from printed festival books and previously unpublished sources such as ceremonial diaries and diplomatic correspondence this book offers the first comprehensive overview of the development of early modern funeral apparati What was their function in funeral liturgy and early modern festival culture at large How did the papal funeral apparati compare to those of cardinals the Spanish and French monarchy and the Medici court in Florence And most importantly how did contemporaries perceive and judge them By the late sixteenth century new trends in conspicuous commemoration had rendered the traditional papal funeral apparati in St Peter s obsolete The author shows how papal families wishing to honor their uncles according to the new standards needed to invent ceremonial opportunities from scratch showing off dynastic resilience while modelling the deceased s memoria after carefully constructed ideals of post Tridentine sainthood **Encyclopedia of the History of Classical**

Archaeology Nancy Thomson de Grummond, 2015-05-11 With 1 125 entries and 170 contributors this is the first encyclopedia on the history of classical archaeology It focuses on Greek and Roman material but also covers the prehistoric and semi historical cultures of the Bronze Age Aegean the Etruscans and manifestations of Greek and Roman culture in Europe and Asia Minor The Encyclopedia of the History of Classical Archaeology includes entries on individuals whose

activities influenced the knowledge of sites and monuments in their own time articles on famous monuments and sites as seen changed and interpreted through time and entries on major works of art excavated from the Renaissance to the present day as well as works known in the Middle Ages As the definitive source on a comparatively new discipline the history of archaeology these finely illustrated volumes will be useful to students and scholars in archaeology the classics history topography and art and architectural history *Lavinia Fontana's Mythological Paintings* Liana De Girolami Cheney,2020-08-18 This volume investigates emblematic and art historical issues in Lavinia Fontana s mythological paintings Fontana is the first female painter of the sixteenth century in Italy to depict female nudes as well as mythological and emblematic paintings associated with concepts of beauty and wisdom Her paintings reveal an appropriation of the antique a fusion between patronage and culture and a humanistic pursuit of Mannerist conceits Fontana s secular imagery provides a challenging paragone with the male tradition of history painting during the sixteenth century and paves the way for new subjects to be depicted and interpreted by female painters of the seventeenth century *Abstracts* College Art Association of America. BOOK JACKET Forthcoming Books Rose Army,1993 **Shopping in the Renaissance** Evelyn S. Welch,Professor of Renaissance Studies Evelyn Welch,Lecturer Evelyn Welch,2005-01-01 Shopping was as important in the Renaissance as it is in the 21st century This book breaks new ground in the area of Renaissance material culture focussing on the marketplace in its various aspects ranging from middle class to courtly consumption and from the provision of foodstuffs to the acquisition of antiquities and holy relics It asks how men and women of different social classes went out into the streets squares and shops to buy the goods they needed and wanted on a daily or on a once in a lifetime basis during the Renaissance period Drawing on a detailed mixture of archival literary and visual sources she exposes the fears anxieties and social possibilities of the Renaissance marketplace Thereafter Welch looks at the impact these attitudes had on the developing urban spaces of Renaissance cities before turning to more transient forms of sales such as fairs auctions and lotteries In the third section she examines the consumers themselves asking how the mental verbal and visual images of the market shaped the business of buying and selling Finally the book explores two seemingly very different types of commodities antiquities and indulgences both of which posed dramatic challenges to contemporary notions of market value and to the concept of commodification itself **Tapestries for the Courts of Federico II, Ercole, and Ferrante Gonzaga, 1522-63** Clifford M. Brown,Guy Delmarcel,Anna Maria Lorenzoni,1996 Clifford M Brown has exhaustively researched archival material in Mantua and Parma in order to document the tapestries commissioned for or purchased by the sons of Francesco II Gonzaga and Isabella d Este

A Short History of Renaissance and Reformation Europe Jonathan W. Zophy,1999 In an effort to bridge the gap between the often different worlds of professors and students this exploration of Renaissance and Reformation Europe offers

an accessible engaging approach that pays sufficient attention to the roles and contributions of women Its conversational tone and concise presentation are examples of an approach that is more representative than comprehensive introducing historical figures and concepts as they flow through the narrative without frequent interruption to include and define technical and foreign terms Rather than a compendium or grand summa the text serves as a brief introduction to some of the major personalities issues events and ideas of the Renaissance and Reformation age The Sculpture Journal ,2001 *An Encyclopedia of the History of Classical Archaeology* Nancy Thomson De Grummond,1996 **Proceedings of the XVIth International Congress of Classical Archaeology, Boston, August 23-26, 2003** Carol C.
