## **Our Lady Of Class Struggle:**

Our Lady of Class Struggle Terry Rey, 1999 This book is one of the most extensive single ethnographical studies on religion yet conducted in the Caribbean It is a sociological analysis of the Marian devotion in Haiti that aims to reveal the differences between the Marianism of Haitian poor and that of the Haitian elite and to explain the forces that underlie these differences and to understand the syncretism of Marian beliefs and symbols with their correspondents in Haitian Vodou Data generated through over four hundred interviews with Catholics and Vodouisants and extensive participant observation at Marian feasts throughout Haiti over a four year period is analyzed and explained with references to the theories concerning religion and class of Antonio Gramsci Max Weber and Pierre Bourdieu Two case studies personalize the elite popular schism at the heart of Haitian Marianism while a historical survey of the roles that the Mary symbol has played in Haitian politics reveals both the ways in which the dominant in Haitian society have since the arrival of Columbus in 1492 attempted to manipulate the symbol and myth of the Virgin to legitimize and perpetuate the social inequalities upon which their power and privilege depends and instances of Marian appropriation by the subjugated who have at times transformed Mariology into a source of inspiration for struggle against domination Historical research also discloses how the Catholic Church hierarchy has aimed to employ the Virgin Mary in its epic campaign to eradicate Vodou from Haitian society The reason that this campaign has failed is due to the fact that the Virgin Mary was widely assimilated with Ezili the Vodou spirit of love and sensuality making Haiti s Mary uniquely Haitian In sum the effects of Vodou and of class struggle on Haitian Marianism are discussed and analyzed
