Our Fathers World:

Our Father's World Edward R. Brown, 2008-03-24 What does the Bible have to say about creation care and the responsibility of Christians Edward Brown offers a biblical framework for creation care as well as practical steps that ordinary Christians can take to exercise good ecological stewardship *Our Fathers, Ourselves* Peggy Drexler, 2011-05-10 There s no denying that a woman s relationship with her father is one of the most important in her life And there s also no getting around how the quality of that relationship good bad or otherwise profoundly affects daughters in a multitude of ways In *Our Fathers Ourselves* research psychologist author and scholar Dr Peggy Drexler examines the ways in which the father daughter bond impacts women and offers helpful advice for creating a better stronger more rewarding relationship Through her extensive research and interviews with women Dr Drexler paints an intimate timely portrait of the modern father daughter relationship Women today are increasingly looking to their dads for a less than traditional bond but one that still stands the test of time and provides support respect and guidance for the lives they lead today *Our Fathers Ourselves* is essential reading for any woman who has ever wondered how she could forge a closer connection with and gain a deeper understanding of her father *Our Fathers' War* Tom Mathews, 2005 Addresses the dramatic effects of World War II on the relationship between the men who fought war and their sons and grandsons drawing his own and other father son tales of veterans to reveal how their experiences on the battlefield shaped their lives as fathers 30 000 first printing *Living in The Shadow of Our Fathers* Russ McCormack Psy.D., 2018-03-13 A nonfiction piece about the experience of shame turned toxic and its impact on the psychological and spiritual fate of mankind This ten chapter effort intertwines the literary substance of the book with a workbook component designed to get the reader to move beyond a simple mental and intellectual endeavor and move toward an exercise of personal integration with the material The experience of shame is universal a human experience but an experience that has the potential to turn toxic Toxic shame can wreak havoc on the psychological development and well being of the individual But this author also purports that toxic shame can equally disrupt and damage the spiritual nature of the human experience When Demons Rush In is a two pronged approach both psychological and spiritual to understanding what this author believes is a devastating reality besieging the individual of our day Specifically looking at the father son relationship the author focuses on this masculine relationship his own relationship with his father in a way to bring awareness and credibility to the author s insights into what plagues the fathers the sons and the men of our present day societies By focusing on shame turned toxic its roots its causes its consequences the author is seeking to draw attention to what he feels is a monumental threat to the fate of humankind With special emphasis and focus on the spiritual the author is challenging the reader to open their minds and hearts to a reality that remains unnoticed and unrecognized As a first time author I have selected a subject to write about that reflects both my professional and personal experiences My own personal story is one of shame turned toxic and as a licensed clinical psychologist I have witnessed the devastating
