Our Journey Through Prostate Cancer:

Our Journey Through Prostate Cancer Jim Miller, Professor of Linguistics Jim Miller, Julia Miller, 2003-11 This is a manual and true story about how to survive prostate cancer It has been reviewed by world renowned leading doctor and University of California at San Francisco urology chairman Dr Peter Carroll Cancer Activism Karen M. Kedrowski, Marilyn S. Sarow, 2007 The first comprehensive study of the breast cancer and the prostate cancer movements *The Journey Through Cancer* Jeremy R. Geffen, 2000 The Journey Through Cancer is an essential guide for all cancer patients their families and their loved ones As a board certified oncologist with more than ten years of experience serving as physician guide mentor coach and friend to thousands of cancer patients and their families Dr Jeremy Geffen has learned how cancer often challenges the mind heart and spirit of patients and their families as deeply if not more deeply than it challenges the physical body Yet this simple truth is often overlooked by Western medicine as it aggressively pursues the best ways to diagnose and treat cancer Too often physicians focus almost exclusively on the physical dimensions of the disease rather than caring for the whole person who has the disease Dr Geffen presents a groundbreaking seven level program used at his cancer center in Florida that addresses every dimension of the person with cancer physical mental emotional and spiritual Education and Information giving patients answers to questions about their disease and their treatment options Psychosocial Support focusing on the need for and benefits of a strong support network The Body as Garden exploring the vast array of alternative and complementary therapies Emotional Healing helping patients and families deal with the often overwhelming emotional challenges of cancer The Nature of Mind exploring how patients thoughts and beliefs profoundly influence their journey Life Assessment showing patients how to discover their life s deepest meaning and purpose The Nature of Spirit connecting patients to the profoundly healing spiritual aspect of life we all share In *The Journey Through Cancer* Dr Geffen presents a revolutionary model of healing based on the best treatments available from every culture and paradigm of medicine one that respects and explores every possible avenue and resource for healing and transformation blending East and West body and mind heart and technology science and spirit *Our Journey with Prostate Cancer* Judith Anne Desjardins Lcsw Bcd Mswac, 2014-09-12 Your spirit is your most important personal weapon in the battle with cancer Writing from the unique perspective of an oncology social worker a holistic psychotherapist and the wife of a patient with high risk prostate cancer Judith Desjardins shares the intimate details of their journey and the empowering strategies she devised to turn a pessimistic prognosis into improbable positive and hopeful results This book is a firsthand picture of the emotional and psychological toll that prostate cancer takes on patients and their loved ones and shows how it affects them on the inside the mind emotions and spirit It is her firm belief that understanding and treating these dimensions of the disease as well as the body in a holistic approach can lead to a better prognosis for the prostate cancer patient and that it can also prevent family caretakers from developing their own medical problems due to stress **AWARDS FOR OUR JOURNEY WITH PROSTATE**
