[Summary of Lawrence Otis Graham's Our Kind of People](#) Everest Media, 2022-07-24T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I grew up believing that there were only two types of black people the black elite and those who weren't I recall summertime visits from my maternal great grandmother a well educated light complexioned and straight haired black southern woman who discouraged me and my brother from

associating with darker skinned children or from standing or playing in the sunlight for long periods of time 2 I learned about the importance of class distinctions within my black world at a young age As I moved quickly to the safety of the shade I beckoned my brother to protect his complexion from the blackening sun 3 I knew that I didn't fit in with the black elite and that I would never have the right credentials to be a part of it I knew that I had one foot inside and one foot outside of the group 4 The black elite have roots that can be traced back to when slavery began in this country When the first Africans arrived on the shores of Jamestown Virginia in 1619 neither the white Dutch or Portuguese slave traders nor the white American plantation owners had any knowledge of or interest in the tribal and cultural differences between the Mandingo Dahomean Ashanti Mbundu Ewe or Bantu blacks

*Chambers's Journal of Popular Literature, Science and Arts*, 1887 *Moments of Soul* John D. Sommer, 2000 *Moments of Soul* is a philosophical inquiry into four distinctive powers of humanity free choice personal identity honor and faith The theme through all four powers is the paradox of soul as the power of attraction between persons not the hidden attribute of an individual While the inquiry aims to develop our powers of mutual attraction it exposes some common mistakes of our times such as reducing mind to brain function mixing personal identity with ethnic pride and confusing faith with religious belief The method is to avoid making images or analogies in order to state clear problems and find their solutions **Our Kind of People** Uzodinma Iweala, 2012-07-10 In 2005 Uzodinma Iweala stunned readers and critics alike with *Beasts of No Nation* his debut novel about child soldiers in West Africa Now his return to Africa has produced *Our Kind of People* a non fiction account of the AIDS crisis every bit as startling and original HIV AIDS has been reported as one of the most destructive diseases in recent memory tearing apart communities and ostracizing the afflicted But the emphasis placed on death destruction and despair hardly captures the many and varied effects of the epidemic or the stories of the extraordinary people who live and die under its watch *Our Kind of People* opens our minds to these stories introducing a new set of voices and altering the way we speak and think about disease Iweala embarks on a remarkable journey through his native Nigeria meeting individuals and communities that are struggling daily to understand both the impact and meaning of HIV AIDS He

speaks with people from all walks of life the ill and the healthy doctors nurses truck drivers sex workers shopkeepers students parents and children Their testimonies are by turns uplifting alarming humorous and surprising and always unflinchingly candid Integrating his own experiences with these voices Iweala creates at once a deeply personal exploration of life love and connection in the face of disease and an incisive critique of our existing ideas of health and happiness Beautifully written and heartbreakingly honest Our Kind of People goes behind the headlines of an unprecedented epidemic to show the real lives it affects illuminating the scope of the crisis and a continent s valiant struggle      **Rosicrucian Digest**
