*Practical Media Literacy* Nick Pernischo,2015-07-18 Media literacy educator Nick Pernischo's new book *Practical Media Literacy* An essential guide to the critical thinking skills for our digital world is the perfect introduction to media literacy for young adults teachers and parents

Pernisco has distilled his years of teaching experience into a practical guide for learning the most crucial skills needed to be a digital citizen in the 21st century. This is a must read for anyone interested in learning how to interpret the enormous amounts of information we are exposed to everyday both in traditional media and online. The book includes an introduction to media and media literacy explaining what media is, how it affects us, and why we should pay close attention to it. The reader is then presented with a framework that can be used to analyze any type of media. Once the basics are thoroughly explained, the book focuses on individual types of media and specific methods for analyzing each type. Readers will learn to analyze and think critically about movies, television, music, social media, advertising, news, video games, and more. Each section contains relevant exercises to help readers better understand the impact each type of media has on their lives. These exercises can be completed alone or may be used as lesson plans in a classroom setting. This 2nd edition builds on the strengths of the previous version. A stronger focus on the learner. The book explains media literacy from its most basic elements to some sophisticated topics of interest for all ages. This makes the book a perfect textbook for any K-12 classroom. Expanded information on more types of media. Movies, TV, advertising, photography, social media, music, news, and video games each get their own chapter, each illustrating details about how to analyze each type of media and numerous activities that may be used as lesson plans. This book is perfect as a textbook for a course on media literacy, an introductory course about media, any class that uses media, tv, movies, music, the web to convey information, for at-home use by parents, and for curious minds trying to better understand their world.
