## **Mexican Textile Techniques:**

**Mexican Textile Techniques** Chloë Sayer, 1988 More than four and a half centuries have passed since the Spanish Conquest yet Mexico is still inhabited by nearly sixty Indian peoples. Many wear highly distinctive costumes and use textile skills inherited from the ancient civilisations of the Aztec and the Maya. Traditional fibres such as cotton and agave fibre are still spun with a spindle and woven on the backstrap loom. Cloth may be elaborately brocaded, gauze woven to resemble lace or intricately warp patterned. This book considers the principal fibres used in modern Mexico and methods of preparation. There is a section on dyes and dyeing procedures such as ikat. Weaving techniques are described in detail together with methods for embellishing finished cloth such as embroidery and applique. The final chapter concentrates on the wide range of garments which are still worn in contemporary Indian Mexico. About the author Chloë Sayer has been researching Mexican arts and crafts especially costume since 1973 and she has worked as a freelance television researcher in Mexico and Spain for Channel 4 and the BBC. She was awarded a travelling fellowship in 1978 by the Winston Churchill Memorial Trust and has mounted exhibitions of Mexican ethnography in London at the Institute of Contemporary Art and the Horniman Museum.

**Mexican Textile Techniques** Beth Campbell Churchill, 1945      **Mexican Textiles** Masako Takahashi, 2003 Whether it's a hand woven sarape a festive square of oilcloth or a delicate trimming of lace Mexican textiles reflect passionate appreciation for color, pattern and design. In the dazzling pages of Mexican Textiles, photographer and Mexican art aficionado Masako Takahashi shares her love of the form taking readers on a journey through this sun-drenched land. She visits artisan workshops, weaving centers, lace makers and family-owned rug manufacturers for an inside view of how traditional fabrics are designed, dyed, woven and finished. Takahashi also takes her camera into scores of unique homes to show how new and antique woven treasures are used to advantage in modern dcor. In the text, readers discover insightful notes on regional differences, history, technique and tips for identifying quality materials and craftsmanship. Overflowing with exuberance and creative ideas and including a resource section listing the major textile markets and vendors throughout Mexico, Mexican Textiles is an indispensable resource book for appreciating and collecting artfully crafted Mexican fabrics.

*Mexican Textiles* Chloë Sayer, 1990 Mexican costumes Mexican textiles      *A Companion to Mexican History and Culture* William H. Beezley, 2011-03-16 *A Companion to Mexican History and Culture* features 40 essays contributed by international scholars that incorporate ethnic, gender, environmental and cultural studies to reveal a richer portrait of the Mexican experience from the earliest peoples to the present. Features the latest scholarship on Mexican history and culture by an array of international scholars. Essays are separated into sections on the four major chronological eras. Discusses recent historical interpretations with critical historiographical sources and is enriched by cultural analysis, ethnic and gender studies and visual evidence. The first volume to incorporate a discussion of popular music in political analysis. This book is the recipient of the 2013 Michael C Meyer Special Recognition Award from the Rocky Mountain Conference on Latin American

Studies    **Collaborative Social Design with Mexican Indigenous Communities** Carmen Malvar,2023-03-16 This book builds on the work of anthropologists designers and ethnographers to develop an original methodology and framework for indigenous engagement and designer non designer collaboration in the field of social design Following a collaborative case study conducted over a five year period between the author project team and indigenous artisans in Mexico the book outlines the practical challenges of design research including funding logistics relationships between designers and communities failures successes and pivots Social design literature has often focused on introducing important questions to the design research process but fails to deeply interrogate and demonstrate how these theories inform research projects in action which can then be open to misinterpretation bias and unintended harmful consequences Centering the indigenous communities this book provides a detailed and clear example of not just why but how design and designers can work authentically and responsibly through different approaches and systems The book examines the specific cultural epistemological and socio political history of Mexico as it relates to colonization and indigenous peoples exploring the systemic influences of globalization and grounding the research in its unique context It includes field notes conversations with the indigenous artisan communities workshops and prototypes to offer unique insight into a detailed collaborative social design initiative This book intersects with the growing awareness of the necessity of decolonial approaches to design across the world and will be an important and useful study for academics students and researchers in social design sustainable development cultural studies and anthropology

**Textiles of Central and South America** Angela Thompson,2006 The rich textile traditions of Central and South America date back to pre Hispanic Conquest times This fascinating book looks at both the differences and the similarities between the weaving and textile techniques and traditions of the various Latin American countries and explores the symbolic meanings of the designs woven into or imprinted onto the cloth Topics covered include Design and production including the different types of loom and weaving techniques and the various spinning and dyeing methods Fibres and threads yarns and fabric sources Manipulated thread crafts including knitting and crochet plaiting knotting and netting and the Spanish Sol needle laces Embroidery both hand and machine as well as the chain stitch embroidery worked in Peru the politically inspired embroidery of Arpilleras and the appliqu pictures of Chile Peru and Guatemala Beadwork both embroidered and strung Finishing decorative edging and fringing AUTHOR For the last twenty years Angela Thompson has travelled the world in search of textiles to add to her collection Angela has lectured on and tutored a variety of textile subjects in the UK USA and Australia She has written numerous articles for embroidery and textile magazines and published a series of textile related books including The Embroiderers and Quilters Source Book 2005 She is a member of the Textile Society The Spinners Weavers Guild The Embroiderers Guild and The Lace Guild 200 colour photos
