

THE MEXICANS EVACUATING VERA CRUZ,
and surrounding their arms to the U. S. Army, under Genl. Smith.

Mexicans At Arms

**United States. Congress. Senate.
Committee on Foreign Relations**

Mexicans At Arms:

On the Art of War and Mode of Warfare of Ancient Mexicans Bandelier, 1877 Mexicans at Arms Pedro Santi, 1996 The decades that followed independence from Spain in 1821 transformed Mexico from a strong stable colony to a republic suffering from economic decline political turmoil regional divisions and class hatred This chaotic state hindered efforts of the young republic to meet the aggressive expansionism of the United States between 1845 and 1848 Pedro Santi sheds new light on Mexican political history during the conflict a much neglected subject through a comprehensive examination of the only Mexican political bloc that wanted war with the United States Led by Valentin Gomez Farias this faction was the radical federalists who in 1846 took the name of puros Santi demonstrates the reasons for the failure of the puros efforts to gain political power and coordinate the war effort Examining the puros attempts to reestablish federalism in Mexico shape public opinion develop a civic militia and forge alliances with senior army officers and opposing political groups Santi maintains that the economic social and political troubles of Mexico nullified the puros endeavors to direct armed resistance against the Americans He also dispels some of the erroneous notions that the puros and Gomez Farias were self serving and corrupt and sold out Mexico to the United States for example that have been propagated by historians in the past Pictorial History of Mexico and the Mexican War John Frost, 1871 **Investigation of Mexican Affairs** United States. Congress. Senate. Committee on Foreign Relations, 1920 **Los Zetas Inc.** Guadalupe Correa-Cabrera, 2017-08-15 The rapid growth of organized crime in Mexico and the government's response to it have driven an unprecedented rise in violence and impelled major structural economic changes including the recent passage of energy reform Los Zetas Inc asserts that these phenomena are a direct and intended result of the emergence of the brutal Zetas criminal organization in the Mexican border state of Tamaulipas Going beyond previous studies of the group as a drug trafficking organization Guadalupe Correa Cabrera builds a convincing case that the Zetas and similar organizations effectively constitute transnational corporations with business practices that include the trafficking of crude oil natural gas and gasoline migrant and weapons smuggling kidnapping for ransom and video and music piracy Combining vivid interview commentary with in depth analysis of organized crime as a transnational and corporate phenomenon Los Zetas Inc proposes a new theoretical framework for understanding the emerging face new structure and economic implications of organized crime in Mexico Correa Cabrera delineates the Zetas establishment structure and forms of operation along with the reactions to this new model of criminality by the state and other lawbreaking foreign and corporate actors Since the Zetas share some characteristics with legal transnational businesses that operate in the energy and private security industries she also compares this criminal corporation with ExxonMobil Halliburton and Blackwater renamed Academi and now a Constellis company Asserting that the elevated level of violence between the Zetas and the Mexican state resembles a civil war Correa Cabrera identifies the beneficiaries of this war including arms producing companies the international banking system the US
