Michel Thomas Method draws on the principles of instructional psychology. Knowledge is structured and organised for the student so that you assimilate the language easily and don't forget it. The method deconstructs the language into building blocks that are introduced sequentially in such a way that the learner creates his/her response and moves on to ever more complex sentences. Michel said I will dissect everything into small parts and reassemble it in such a way that one will understand everything step by step. He was also very clear about his ground rules: no memorisation, no drills, no homework, relax and leave off the anxiety normally associated with language learning. **Michel Thomas Conversation Builder**

**Spanish** Virginia Catmur, Jennifer Stanley-Smith, 2015-01. This is a Spanish intermediate conversation course that will help you develop your communication skills and express yourself with confidence. Through engaging topics and the unique Michel Thomas Method for teaching languages, it helps you build conversation strategies and opens the door to topical issues that are key to the Spanish speaker today. The course is ideal for intermediate learners who want to take their conversation further. It is also the right course for learners who have enjoyed Michel Thomas Total and Perfect courses. The Total and Perfect courses give learners a strong foundation in the language, a 'house' as Michel Thomas called it. Insider's course is designed as a Phase 2 course which allows learners to start using that language in more authentic contexts and with more colloquial language. It is the 'decoration' for the house which was the next step in Michel Thomas's learning journey. This course includes audio featuring native speakers and guided practice, interactive exercises and self-assessment. **Michel Thomas Advanced Spanish: Bk 1** Michel Thomas, 2004-09-24. Offering students a comprehensive working knowledge of the language, this title covers the structures and tenses of A level and beyond. It also points out the similarities of the vocabulary in English and Spanish and gives his students the tools to guess the words they do not know or think they do not know. **Es**
