William Shakespeare,1963 Othello William Shakespeare,2000 One of the greatest of Shakespeare s tragedies Othello tells the story of a Moorish general in command of the armed forces of Venice who earns the enmity of his ensign Iago by passing him over for a promotion Partly for revenge and partly out of pure evil Iago plots to convince Othello that Desdemona his wife has been unfaithful to him Iago succeeds in his evil aims only too well for the enraged Othello murders Desdemona When Othello later learns of her innocence he takes his own life Bleak and unsparing this play offers a stunning portrait of an arch villain and an astute psychological study of the nature of evil *A New Variorum Edition of Shakespeare* William Shakespeare,Modern Language Association of America,2015-12-13 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *A New Variorum Edition of Shakespeare* William Shakespeare,2018-10-16 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars
