Rethinking Feminism in Early Modern Studies Ania Loomba,Melissa E Sanchez,2016-07-12 Winner of the Society for the Study of Early Modern Women s Collaborative Book Prize 2017 Rethinking Feminism in Early Modern Studies is a volume of essays by leading scholars in the field of early modern studies on the history present state and future possibilities of feminist criticism and theory It responds to current anxieties that feminist criticism is in a state of decline by attending to debates and differences that have emerged in light of ongoing scholarly discussions of race affect sexuality and transnationalism work that compels us continually to reassess our definitions of women and gender Rethinking Feminism demonstrates how studies of early modern literature history and culture can contribute to a reimagination of feminist aims methods and objects of study at this historical juncture While the scholars contributing to Rethinking Feminism have very different interests and methods they are united in their conviction that early modern studies must be in dialogue with and indeed contribute to larger theoretical and political debates about gender race and sexuality and to the relationship between these areas To this end the essays not only analyze literary texts and cultural practices to shed light on early modern ideology and politics but also address metacritical questions of methodology and

theory Taken together they show how a consciousness of the complexity of the past allows us to rethink the genealogies and historical stakes of current scholarly norms and debates *Shakespeare Scholars in Conversation* Michael P.

Jensen,2019-07-15 Twenty four of today s most prominent Shakespeare scholars discuss the best known works in Shakespeare studies along with some nearly forgotten classics that deserve fresh appraisal An extensive bibliography provides a reading list of the most important works in the field A filmography then lists the most important Shakespeare films along with the films that influenced Shakespeare filmmakers Interviewees include Sir Stanley Wells Sir Jonathan Bate Sir Brian Vickers Ann Thompson Virginia Mason Vaughan George T Wright Lukas Erne MacDonald P Jackson Peter Holland James Shapiro Katherine Duncan Jones and Barbara Hodgdon **Textual Performances** Lukas Erne,Margaret Jane Kidnie,2004-05-13 This important collection brings together leading scholars to examine crucial questions regarding the theory and practice of editing Shakespeare s plays In particular the essays look at how best to engage editorially with evidence provided by historical research into the playhouse author s study and printing house How are editors of playscripts to mediate history in its many forms for modern users Considering our knowledge of the past is partial in the senses both of incomplete and ideological where are we to draw the line between legitimate editorial assistance and unwarranted interference In what innovative ways might current controversies surrounding the mediation of Shakespeare s drama shape future editorial practice Focusing on key points of debate and controversy this collection makes a vital contribution to a better understanding of how editorial practice on the page and in cyberspace might develop in the twenty first century

**Shakespeare's Domestic Tragedies** Emma Whipday,2019-01-03 Domestic tragedy was an innovative genre suggesting that the lives and sufferings of ordinary people were worthy of the dramatic scope of tragedy In this compelling study Whipday revises the narrative of Shakespeare s plays to show how this genre together with neglected pamphlets ballads and other forms of cheap print about domestic violence informed some of Shakespeare s greatest works Providing a significant reappraisal of Hamlet Othello and Macbeth the book argues that domesticity is central to these plays they stage how societal and familial pressures shape individual agency how the integrity of the house is associated with the body of the housewife and how household transgressions render the home permeable Whipday demonstrates that Shakespeare not only appropriated constructions of the domestic from domestic tragedies but that he transformed the genre using heightened language foreign settings and elite spheres to stage familiar domestic worlds **ASTR** ,1991 **Catalog of Copyright**

*Critical Essays on Shakespeare's The Tempest* Virginia Mason

Vaughan,Alden T. Vaughan,1998 Critical essays about William Shakespeare s play The Tempest

*Shakespeare and this "imperfect" World* Giulio Marra,1997 This study on Shakespearean theatre attempts to correlate the cognitive impulse animating the character with the ensuing dramatic form A Shakespearean character determines the play s structure through the intrinsic need to resolve the problem he is brought up against He does this by utilizing theatrical means metadramatic elements which themselves become an integral part of the concept of theatre Any external moral framework constricting the character within traditional dramatic forms appears therefore to impose perspectival limits on the text Rather The Tempest provides the reader with intrinsic and general guidelines through the skepticism of Prospero Through concepts of wonder and limitation he defines the boundaries of action thus determining the idea of self knowledge General aesthetic and philosophical problems are embedded within the texture of the play s structure

*Disease, Diagnosis, and Cure on the Early Modern Stage* Stephanie Moss,Kaara L. Peterson,2004 This collection of essays makes an important contribution to scholarship by examining how the myths and practices of medical knowledge were interwoven into popular entertainment on the early modern stage Rather than treating medicine the theater and literary texts separately the contributors show how the anxieties engendered by medical socio scientific investigations were translated from the realm of medicine to the stage by Renaissance playwrights especially Shakespeare As a whole the volume reconsiders typical ways of viewing medical theory and practice while individual essays focus on gender and ethnicity theatrical impersonation medical counterfeit and malfeasance and medicine as it appears in the form of various political metaphors
