## **Other Side Of Love:**

The Dark Side of Love Jane Goldberg, 2017-07-12 Many mothers have disturbing fantasies of killing their children. Husbands imagine with guilt cheating on their wives. Parents stand on the brink of hitting their teenage children or may actually do so while the teens fabricate elaborate strategies of revenge. Hurt, pain, uncontrollable rage, and other forms of abuse also make up the dark side of love. This landmark book has a bold thesis: The denied dark side of love that can show us love's true nature. By acknowledging our negative feelings, we can come into the full spectrum of emotion and hear the message of our darker feelings without acting them out. Through this, we can increase our capacity for love. To explain her perspective, Jane Goldberg traces the development of love and hate from infancy. She debunks simplistic myths about mother love and portrays the mother-child bond in all its facets. She explores the hidden recesses of family love and romantic love and shows how the acceptance of constructive expressions of anger, jealousy, and competition can enhance intimacy. Drawing on case histories from her psychoanalytic practice as well as mythic stories, Goldberg offers insights into the troubling but universal nature of the dark side of love. In a highly accessible style, she explores how to develop a psychological immune system to protect against the potentially destructive elements in relationships and allow for a constructive expression of love's dark side. Her debate-provoking book should be read by psychoanalysts and psychotherapists, individuals who have suffered from the pains and hurts of love, and indeed by those who are interested in human motivation and behavior.

**On the Other Side of the Rainbow** Lonny Dargavel, 2018-06-29 The deaths of my parents on consecutive days and with the interference of the enemy caused extreme grief in my life. It did, however, open the door of the spirit world for me in a real, very profound, and personal manner. In *On the Other Side of the Rainbow*, I recount how my grief was transcended by remembering past readings and teachings to strengthen me, and I came to develop abilities to perceive and experience my loved ones who were sharing time with me in the present. The seeking to heal my soul also led me to connect with Jesus in a very real and personal way. His friendship and mentorship has helped me to heal and develop spiritually. He has also provided me with the protection I needed, and he lifted me up when I needed it, and continues to daily. Eventually, we grew quite close, as did my relationship with Mother Mary and Michael the archangel. Without their divine help, I am sure I could not have lasted in the face of the enemy. Encounters with them, as well as my loved ones on the other side of life, have become normal occurrences. I have also had encounters with other spiritual beings whom I consider allies, such as Buddha, Ganesh, King David, a fairy princess, a British guard from Fort George during the 1812 War, St. Theresa, St. John Paul II, and others. It is especially interesting to see how my parents continued evolving once they reached the other side, and how my spiritual growth and relationship with the Lord changed their course, as well as my own. Prior to my experiences with the Christian faith, I had followed and had many other firsthand experiences that are based on truths that simply are. Included in this are experiences with past lives and spiritualism, as well as Buddhist teachings and Native American, as well. My personal experiences are based on truths and

were a guided path that led to my development as a spiritual clairvoyant and light worker The book starts in more of the self help variety but soon evolves into a more complex novel that is experiential as well as unique as it embraces many teachings but is not confined by anything that is not based on truth It eventually broadens onto a serious journey with Christ but it does not leave out any past experiences and knowledge gained as a result of these truths It is not typical or confined by any religious teaching but it does not attempt to say they are not significance or important quite the opposite It is I believe a guided path from above that is meant to bring together many to break down walls not build them as what Jesus desires as are other teachers and great beings who work together to try to win this world away from the dark side and lead it into a world that desires light and welcomes it when it soon arrives I hope that my first book helps to achieve some of these *Catalog of Copyright Entries* Library of Congress.
