## **Otto Preminger:**

*The World and Its Double* Chris Fujiwara, 2015-07-14 Otto Preminger was one of Hollywood's first truly independent producer directors. He sought to address the major social, political, and historical questions of his time in films designed to appeal to a wide public. Blazing a trail in the examination of controversial issues such as drug addiction, *The Man with the Golden Arm* and homosexuality, *Advise and Consent* and in the frank, sophisticated treatment of adult material, *Anatomy of a Murder*. Preminger, in the process, broke the censorship of the Hollywood Production Code and the blacklist. He also made some of Hollywood's most enduring film noir classics including *Laura* and *Fallen Angel*. An Austrian migr, Preminger began his Hollywood career in 1936 as a contract director. When the conditions emerged that led to the fall of the studio system, he had the insight to perceive them clearly and the boldness to take advantage of them, turning himself into one of America's most powerful filmmakers. More than anyone else, Preminger represented the transition from the Hollywood of the studios to the decentralized, wheeling, and dealing New Hollywood of today. Chris Fujiwara's critical biography, the first in more than thirty years, follows Preminger throughout his varied career, penetrating his carefully constructed public persona and revealing the many layers of his work.

*Otto Preminger* Foster Hirsch, 2011-06-22 The first full-scale life of the controversial, greatly admired yet often underrated director-producer who was known as Otto the Terrible. Nothing about Otto Preminger was small, trivial, or self-denying: from his privileged upbringing in Vienna as the son of an improbably successful Jewish lawyer to his work in film and theater in Europe and later in America. His range as a director was remarkable: romantic comedies, *The Moon Is Blue*; musicals, *Carmen Jones*; *Porgy and Bess*; courtroom dramas, *The Court Martial of Billy Mitchell*; *Anatomy of a Murder*; adaptations of classic plays, Shaw's *Saint Joan*; screenplay by Graham Greene; political melodrama, *Advise and Consent*; war films, *In Harm's Way*; film noir, *Laura*, *Angel Face*; *Bunny Lake Is Missing*. He directed sweeping sagas from *The Cardinal* and *Exodus* to *Hurry Sundown* and small-scale pictures adapting Françoise Sagan's *Bonjour Tristesse* with Arthur Laurents and Nelson Algren's *The Man with the Golden Arm*. Foster Hirsch shows us Preminger battling studio head Darryl F. Zanuck, defying and undermining the Production Code of the Motion Picture Association of America and the Catholic Legion of Decency first in 1953 by refusing to remove the words "virgin" and "pregnant" from the dialogue of *The Moon Is Blue*; he released the film without a Production Code Seal of Approval and then, two years later, when he dared to make *The Man with the Golden Arm* about the then taboo subject of drug addiction. When he made *Anatomy of a Murder* in 1959, the censors objected to the use of the words "rape," "sperm," "sexual climax," and "penetration." Preminger made one concession, substituting "violation" for "penetration"; the picture was released with the seal and marked the beginning of the end of the Code. Hirsch writes about how Preminger was a master of the invisible studio-bred approach to filmmaking, the so-called classical Hollywood style: lengthy takes, deep focus, long shots of groups of characters rather than close-ups and reaction shots. He shows us Preminger in the 1950s becoming the industry's leading employer of black

performers his all black Carmen Jones and Porgy and Bess remain landmarks in the history of racial representation on the American screen and breaking another barrier by shooting a scene in a gay bar for *Advise and Consent* a first in American film Hirsch tells how Preminger broke the Hollywood blacklist when in 1960 he credited the screenplay of *Exodus* to Dalton Trumbo the most renowned of the Hollywood Ten and hired more blacklisted talent than anyone else We see Preminger's balanced style and steadfast belief in his actors underacting set against his own hot tempered personality and finally we see this European born director making his magnificent films about the American criminal justice system *Anatomy of a Murder* and about the American political system *Advise and Consent* Foster Hirsch shows us the man enraging and endearing and his brilliant work *Otto Preminger* Gary Bettinson, 2021-11-15 Otto Preminger 1905-1986 whose Hollywood career spanned the 1930s through the 1970s is popularly remembered for the acclaimed films he directed among which are the classic film noir *Laura* the social realist melodrama *The Man with the Golden Arm* the CinemaScope musical *Carmen Jones* and the riveting courtroom drama *Anatomy of a Murder* As a screen actor he forged an indelible impression as a sadistic Nazi in *Billy Wilder's Stalag 17* and as the diabolical Mr Freeze in television's *Batman* He is remembered too for drastically transforming Hollywood's industrial practices With *Exodus* Preminger broke the Hollywood blacklist controversially granting screen credit to Dalton Trumbo one of the exiled Hollywood Ten Preminger a committed liberal consistently shattered Hollywood's conventions He routinely tackled socially progressive yet risqué subject matter pressing the Production Code's limits of permissibility He mounted Black cast musicals at a period of intense racial unrest And he embraced a string of other taboo topics heroin addiction rape incest homosexuality that established his reputation as a trailblazer of adult centered storytelling an enemy of Hollywood puritanism and a crusader against censorship *Otto Preminger Interviews* compiles nineteen interviews from across Preminger's career providing fascinating insights into the methods and mindset of a wildly polarizing filmmaker With remarkable candor Preminger discusses his filmmaking practices his distinctive film style his battles against censorship and the Hollywood blacklist his clashes with film critics and his turbulent relationships with a host of well known stars from Marilyn Monroe and Frank Sinatra to Jane Fonda and John Wayne **Behind the Scenes of Otto Preminger** Willi Frischauer, 1973 *The Cinema of Otto Preminger* Gerald Pratley, 1971 *Behind the Scenes of Otto Preminger* Willi Frischauer, 1974 *Breaking the Code* Nat Segaloff, 2023 Along with their play *Code Blue* which dramatizes the clash between these two evenly matched but wildly disparate titans *Breaking the Code* chronicles the battle between Otto Preminger and the Code *Dorothy Dandridge* Earl Mills, 1997-07 In 1955 the beautiful Dorothy Dandridge became the first ever African American to be nominated for the Academy Award for Best Performance In show business since the age of three years she became Hollywood's first major black female star with the 1954 release of *Carmen Jones* in which she co starred with Harry Belafonte Other major roles were to follow but her downfall was her terrible taste in men She married two of them both treated her badly the last leaving her nearly bankrupt Then tragedy struck in the form of her mysterious death

**Our Exodus** MM Silver,2010-08-18

Examines the phenomenon of Exodus and its influence on post World War II understandings of Israel s beginnings Despite the dramatic circumstances of its founding Israel did not inspire sustained impassioned public discussion among Jews and non Jews in the United States until Leon Uris s popular novel Exodus was released in 1958 Uris s novel popularized the complicated story of Israel s founding and in the process boosted the morale of post Holocaust Jewry and disseminated in popular culture positive images of Jewish heroism Our Exodus Leon Uris and the Americanization of Israel s Founding Story examines the phenomenon of Exodus and its largely unrecognized influence on post World War II understandings of Israel s beginnings in America and around the world Author M M Silver s extensive archival research helps clarify the relevance of Uris s own biography in the creation of Exodus He situates the novel s enormous popularity in the context of postwar America and particularly Jewish American culture of the 1950s and early 1960s In telling the story of the making of and the response to Exodus first as a book and then as a film Silver shows how the representation of historical events in Exodus reflected needs expectations and aspirations of Jewish identity and culture in the post Holocaust world He argues that while Uris s novel simplified some facts and distorted others it provided an astonishingly ample amount of information about Jewish history and popularized a persuasive and cogent though debatable Zionist interpretation of modern Jewish history Silver also argues that Exodus is at the core of an evolving argument about the essential compatibility between the Jewish state and American democracy that continues to this day Readers interested in Israel studies Jewish history and American popular culture will appreciate Silver s unique analysis
