American Book Publishing Record ,1997 *The Cumulative Book Index* ,1996 A world list of books in the English language Soul Purpose Jason Kemp,2010-11-09 The aim of Soul Purpose is to present some up to date information with

regards to the new spiritual energies we are receiving and the possible changes we may go through as we begin to absorb them. It is in no way a definitive explanation of what is happening; we each have our own perspectives and experiences in life. It is just that on some levels many experiences are now being shared at a group level. It is this theme of us as a collective, a group commonly sharing life's themes, which has been of interest to me. *Soul Purpose* is presented in two parts: the first part is informational, covered under various chapter headings that you may already relate to. Reading them is initially a mental exercise, but it's really the feelings, impressions, and energy of the content that matters. You may find that within the gist of a subject you may sense, feel, or visualise a way to receive an understanding, building a relationship with the imagery and ideas. Part two of *Soul Purpose* contains 22 meditation exercises that can be used to balance the physical, subtle, and mental aspects of ourselves. They are practical tools that help our bodies to remember levels of their spiritual imprinting, raising our energy levels and allowing for something new internally to take place. Our sensitivities are increasing as time goes on; they are a biological response to the changes in energy of our environment. The meditations are a way of managing these sensitivities, building an energetic platform on which to open more to the energies that are on offer. They offer a gentle sympathetic alignment to natural law and divine will.

Genesis Terry L. Newbegin, 2008-08-06. *Genesis* is not just the story of Adam and Eve; it's your own story and a roadmap helping you understand why you are here and how you can return home.

Creators and Friends Robert Shapiro, 1998-02-01. Humans, creators in training, have a purpose and destiny so heartwarming, so profoundly glorious that it is almost unbelievable from our present dimensional perspective. Humans are great lightbeings from beyond this creation, gaining experience in dense physicality by slowing down the creative process in order to feel the results and consequences of their decisions and actions. This truth about the great human genetic experiment of the Explorer Race and the mechanics of creation is being revealed for the first time by Zoosh and his friends as humanity begins to awaken to its true nature. Zoosh and a great assortment of beings who have never spoken to the physical plane before, from particles to All That Is, speak vibrantly through Superchannel Robert Shapiro. Each personality has its own knowing perception and expertise as it shares its history, its present focus, and the awesome truth about humanity.
