Our Maryland:

Maryland Our Maryland Mary Virginia Geiger, 1987 This book is the outcome of a series of scholarly lectures given at the College of Notre Dame of Maryland in 1984 to commemorate the 350th anniversary of the Founding of Maryland Each lecture focused on the importance of Maryland as a colony and state showing the contribution Maryland made to the nation over three and one half centuries

Maryland, My Maryland James A. Davis, 2019-01-01 Historians have long treated the patriotic anthems of the American Civil War as colorful if largely insignificant side notes Beneath the surface of these songs however is a complex story Maryland My Maryland was one of the most popular Confederate songs during the American Civil War yet its story is full of ironies that draw attention to the often painful and contradictory actions and beliefs that were both cause and effect of the war Most telling of all it was adopted as one of a handful of Southern anthems even though it celebrated a state that never joined the Confederacy In Maryland My Maryland Music and Patriotism during the American Civil War James A Davis illuminates the incongruities underlying this Civil War anthem and what they reveal about patriotism during the war The geographic specificity of the song s lyrics allowed the contest between regional and national loyalties to be fought on bandstands as well as battlefields and enabled Maryland My Maryland to contribute to the shift in patriotic allegiance from a specific localized and material place to an ambiguous inclusive and imagined space Musical patriotism it turns out was easy to perform but hard to define for Civil War era Americans

American Folk Songs Norman Cohen, 2008-09-30 This state by state collection of folksongs describes the history society culture and events characteristic of all fifty states Unlike all other state folksong collections this one does not focus on songs collected in the particular states but rather on songs concerning the life and times of the people of that state The topics range from the major historical events such as the Boston Tea Party the attack on Fort Sumter and the California Gold Rush to regionally important events such as disasters and murders labor problems occupational songs ethnic conflicts Some of the songs will be widely recognized such as Casey Jones Marching Through Georgia or Sweet Betsy from Pike Others less familiar have not been reprinted since their original publication but deserve to be studied because of what they tell about the people of these United States their loves labors and losses and their responses to events The collection is organized by regions starting with New England and ending with the states bordering the Pacific Ocean and by states within each region For each state there are from four to fifteen songs presented with an average of 10 songs per state For each song a full text is reprinted followed by discussion of the song in its historical context References to available recordings and other versions are given Folksongs such as those discussed here are an important tool for historians and cultural historians because they sample experiences of the past at a different level from that of contemporary newspaper accounts and academic histories These songs in a sense are history writ small Includes Away Down East The Old Granite State Connecticut The Virginian Maid s Lament Carry Me Back to Old Virginny I m Going Back to North Carolina Shut up in Cold Creek Mine Ain t God Good to Iowa Dakota Land Dear Prairie
