**Love, Language, Place, and Identity in Popular Culture** María Ramos-García,Laura Vivanco,2020-01-31 Love Language Place and Identity in Popular Culture Romancing the Other explores the varied representations of Otherness in romance novels and other fiction with strong romantic plots Contributors approaches range from sociolinguistics to cultural studies and the texts analyzed are set on four continents with particular emphasis on Caribbean and Atlantic islands What all the essays have in common is the exploration of representations of the Other be it in an inter racial or inter cultural relationship Chapters are divided into two parts the first examines place travel history and language in 20th century texts while the second explores tensions and
