# Markets In History Economic Studies Of The Past

**David W. Galenson (red.)**

## **Markets In History Economic Studies Of The Past:**

**Markets in History** David W. Galenson (red.), 1989 Papers presented at a conference session held in New Orleans in December 1986 under the joint sponsorship of the American Economic Association and the Econometric Society Includes index Includes bibliographical references p 343 346

**Odd Markets in Japanese History** J. Mark Ramseyer, 2008-01-03 Employing a rational choice approach Professor Ramseyer studies the impact of Japanese law on economic growth in Japan Toward that end the author investigates the way law governed various markets and the way that people negotiated contracts within those markets For much of the period at stake the Japanese government was an oligarchy rather than a democracy the judges operated a civil rather than common law regime the economy grew modestly but erratically and social customs changed rapidly and radically As a result this study applies an economic logic but to markets in a vastly different world in a different historical period and with a different political regime and legal system Findings reveal that the legal system generally promoted mutually advantageous deals and that people generally negotiated in ways that shrewdly promoted their private best interests Whether in the markets for indentured servants prostitutes or marriage partners Odd Markets in Japanese History reports little evidence of either age or gender related exploitation

*Research in Economic History* Christopher Hanes, Susan Wolcott, 2019-08-26 In this new volume of Research in Economic History editors Christopher Hanes and Susan Wolcott bring together a cast of expert contributors to vigorously interrogate and analyze historic economics questions looking across the political economy of the US European history and longstanding economic debates

*Economic Analysis of Contract Law, Antitrust Law, and Safety Regulations* Jenny Bourne Wahl, 1998 First published in 1999 Routledge is an imprint of Taylor Francis an informa company

**From Market-Places to a Market Economy** Winifred Barr Rothenberg, 1992-11-15 Through innovative use of little used archival material Rothenberg finds that the relevant economic magnitudes farm commodity prices wages for day and monthly farm labor and the determinants of rural wealth holding behaved as if they had been formed in a market This ground breaking discovery reveals how an agricultural economy that lacked both an important export staple and technological change could experience market led growth To understand this impressive economic development Rothenberg discusses a number of provocative questions

*The Economics of Informational Decentralization: Complexity, Efficiency, and Stability* John O. Ledyard, 2012-12-06 In this volume are papers written by students and co authors of Stanley Reiter The collection reflects to some extent the range of his interests and intellectual curiosity He has published papers in statistics management science international trade and welfare economics He co authored early papers in economic history and is reported to be largely responsible for giving the field its name of Cliometrics He helped initiate nurture and establish the area of economics now known as mechanism design which studies information decentralization incentives computational complexity and the dynamics of decentralized interactions The quality craft depth and innovative nature of his work has always been at an exceptionally high level Stan has had a strong and

important direct effect on many students at Purdue University and Northwestern University He created and taught a course which all of his students have both dreaded and respected Using the Socratic method in remarkably effective ways to teach theory skills he has guided prodded and encouraged us to levels we did not think we were capable of Some of his students are represented in this volume But even those whose careers took directions other than mathematical economics still consider that training to be an important component of their success Stan s students include department chairmen business executives Deans a Secretary of the Air Force and a College President His guidance has been necessary and fundamental to whatever successes we have had *States Against Markets* Robert Boyer, Daniel Drache, 2005-08-15 This work challenges the popular view that globalization threatens the role of the nation state in determining national policy It examines the fundamental issue of competitiveness and market power in an increasingly borderless and co dependent world Despite this increased threat to the nation state as an effective manager of the national economy the authors argue that there are a number of options and alternatives open to governments to protect themselves from the global business cycle

**Contemporary Capitalism** J. Rogers Hollingsworth, Robert Boyer, 1997 This book argues that there is no single best institutional arrangement for organizing modern societies Therefore the market should not be considered the ideal and universal arrangement for coordinating economic activity Instead the editors argue the economic institutions of capitalism exhibit a large variety of objectives and tools that complement each other and can not work in isolation The various chapters of the book ask what logics and functions institutions follow and why they emerge mature and persist in the forms they do

**Studies in History, Economics, and Public Law** ,1896 **The Cumulative Book Index** ,1990 A world list of books in the English language *Studies in History, Economics, and Public Law* ,1968 **The American Economic Review** ,1921 Includes annual List of doctoral dissertations in political economy in progress in American universities and colleges and the Hand book of the American Economic Association The Wheat Market and the Farmer in Minnesota, 1858-1900 Henrietta Melia Larson, 1926 **Market World and Chronicle** ,1916 Books of 1912- Chicago Public Library, 1923

The American Historical Review John Franklin Jameson, Henry Eldridge Bourne, Robert Livingston Schuyler, 1916 American Historical Review is the oldest scholarly journal of history in the United States and the largest in the world Published by the American Historical Association it covers all areas of historical research **The Pageant of America, a Pictorial History of the United States** ,1929 **Manufacturing Industries** ,1928 Economic Studies of Dairy Farming in New York Edward Gardner Misner, 1926 **OECD Economic Studies** ,1992
