Markets, Prices, and Interregional Trade R. G. Bressler Junior, 1970 Interregional and International Trade Bertil Ohlin, 1933 **Federal Milk Marketing Orders** Howard McDowell, 1988 *Value and Unequal Exchange in International Trade* Andrea Ricci, 2021-05-19 Contrary to the claims made by neoliberal governments and mainstream academics this book argues that the huge increase in trade in recent decades has not made the world a fairer place instead the age of globalization has become a time of mass migration caused by increasing global inequality The theory of unequal exchange challenges the free trade doctrine claiming that transfers of value from poorer to richer countries are hidden behind apparently equivalent market transactions Following a critical review of the existing approaches the book proposes a general theory of unequal exchange in the light of an innovative reconstruction of Marx's international law of value in which money and exchange rates play a crucial role in decoupling value captured from value produced by different countries even in perfectly competitive world markets On this theoretical basis the book provides an empirical analysis of the international transfers of value in both traditional trade and Global Value Chains The resulting world mapping of unequal exchange shows the geographical hierarchy of capital global exploitation by revealing a world divided into two quite separate camps of donor and receiving countries the former being the poorer countries and the latter the richer countries This book is addressed to scholars and students of economics and social sciences as well as activists of the North and the South interested in a better understanding of the asymmetric power relations implied in global trade It makes a significant contribution to the literature on political economy trade Marxism international relations and economic geography *Technology, Sustainability, and Rural Development in Africa* Maumbe, Blessing, Okello, Julius J., 2013-03-31 This book provides research analytical methods techniques and development policies in ICT adoption and diffusion in Africa and around the globe highlighting the major trends in ICT applications and rural development Provided by publisher Dairy Policy Reform and Trade Liberalisation OECD, 2005-08-26 This report is an attempt to improve understanding of the dairy sector through an analysis of the trade and economic effects of the main policy measures subsidies applied to the dairy sector Imperfect Markets in Agricultural Trade Alex F.
