## **Marriage Voices:**

*Governments and Marriage Education Policy* Elizabeth van Acker, 2008-07-11 This book examines the role governments play in managing policy challenges such as religion romance gender relations same sex marriages and privacy protection in response to social changes in marriage Elizabeth van Acker asks whether governments can or should intervene in this personal sphere

*Research Handbook on Gender, Sexuality and the Law* Chris Ashford, Alexander Maine, 2020-03-28 This innovative and thought provoking Research Handbook explores not only current debates in the area of gender sexuality and the law but also points the way for future socio legal research and scholarship It presents wide ranging insights and debates from across the globe including Africa Asia Eastern Europe and Australia with contributions from leading scholars and activists alongside exciting emergent voices

**Against Marriage** Clare Chambers, 2017 Against Marriage argues that marriage violates both equality and liberty and should not be recognized by the state Clare Chambers shows how feminist and liberal principles require creation of a marriage free state one in which private marriages whether religious or secular would have no legal status Part One makes the case against marriage Chambers investigates the critique of marriage that has developed within feminist and liberal theory Feminists have long argued that state recognised marriage is a violation of equality Chambers endorses the feminist view and argues in contrast to recent egalitarian pro marriage movements that same sex marriage is not enough to make marriage equal The egalitarian case against marriage is the most fundamental argument of Against Marriage But Chambers also argues that state recognised marriage violates liberty including the political liberal version of liberty that is based on neutrality between conceptions of the good Part Two sets out the case for the marriage free state Chambers criticizes recent arguments that traditional marriage should be replaced with either a reformed version of marriage such as civil partnership or a purely contractual model of relationship regulation She then sets out a new model for the legal regulation of personal relationships Instead of regulating by status the state should regulate relationships according to the practices they involve Instead of regulating relationships holistically assuming that relationship practices are bundled together in one significant relationship the marriage free state regulates practices on a piecemeal basis The marriage free state thus employs piecemeal practice based regulation It may regulate private marriages including religious marriages so as to protect equality But it takes no interest in defining or protecting the meaning of marriage

*Conversing in Verse* Elizabeth Helsinger, 2022-08-04 Conversing in Verse considers poems of conversation from the late eighteenth into the twentieth centuries the very period when a more restrictive conception of poetry as the lyric product of the poet s solitary self communing became entrenched With fresh insight Elizabeth Helsinger addresses a range of questions at the core of conversational poetry When and why do poets turn to conversation to explore poetry s potential How do conversation s forms and intentions shape the figures rhythms and prosody of poems to alter the reader s experience What are the ethical and political stakes of conversing in verse Coleridge Clare Landor Tennyson Robert Browning Christina

and Dante Gabriel Rossetti Swinburne Michael Field and Hardy each composed poems that open difficult or impossible conversations with phenomena outside themselves Helsinger unearths an unfamiliar lyric history that produced some of the most interesting formal experiments of the nineteenth century including its best known the dramatic monologue **Feminist Experiences** Susan Bassnett,2013 The Women s Movement is usually referred to as if it were a constant global phenomenon Susan Bassnett has lived and been involved in the struggles of the women s movement in the United States Italy and the United Kingdom and has had extensive contacts with feminists in the German Democratic Republic On the basis of her personal experiences and study of women s history and literature in these countries she is able to present a striking picture of the variety of feminist aims tactics and priorities in the four countries and of the character of the women s movement in four very different cultures Throughout the author writes with a double commitment first to furthering our understanding of the diversity of aims of women s movements and their common ground the no man s land of female existence second to making her book as accessible as possible to all feminists through drawing on her own personal experience of countries in which she has lived worked travelled and made friends **The Human Voice: Its Anatomy, Physiology, Pathology, Therapeutics, and Training** Russell Thacher Trall,1875 *Hi Honey, I'm Homo!* Matt Baume,2023-05-23 Lambda Literary
